

JOINT STANDING COMMITTEE ON APPROPRIATIONS AND FINANCIAL AFFAIRS

Information Regarding Biennial Budget Work Sessions

For this stage of the process of voting on LD 258, the Chairs have **updated** listings of initiatives and Language Parts in LD 258, including those in the Change Package that were not contained in the “1st Budget” (LD 424, PL 2023 c. 17) and not previously voted upon. The three new documents have been posted to the AFA materials page: <https://legislature.maine.gov/12101>. Reports from the Policy Committees regarding the Change Package have also been or will be posted on that materials page.

The usual caveats regarding the “unvoted” lists still apply:

- 1) The initiatives on the “Non-DHHS” sheet are grouped by policy committee of jurisdiction (
- 2) The first column is “line number.” Committee members may reference that when making a motion.
- 3) The documents have been formatted for legal size paper while the document used by the committee members was printed on larger paper so the page numbers may not match – listen for line numbers, reference numbers and other descriptions in the motion.
- 4) The documents still contain only unvoted appropriations and allocation initiatives and language parts proposed in the Governor in the original submittal or the Change Package. Those can be found on the posted Policy Committee Report-backs.
