Fiscal Briefing

October 26, 2023

Prepared by the Office of Fiscal & Program Review

1. General Fund Revenue Update (see attached)

Total General Fund Revenue - FY 2024 (\$'s in Millions)

	Budget	Actual	Var.	% Var.	Prior Year	% Change
September	\$597.9	\$600.2	\$2.2	0.4%	\$602.5	-0.4%
FYTD	\$1,342.9	\$1,369.5	\$26.6	2.0%	\$1,406.5	-2.6%

General Fund revenue was over budget by \$2.2 million (0.4%) for the month of September and by \$26.6 million (2.0%) through the first quarter of fiscal year 2024. FY 2024 General Fund revenue through the first quarter was 2.6% less than FY 2023 General Fund revenue through the first quarter, largely because of the first automotive sales tax transfers from the General Fund to the Highway Fund made in July. If this highway fund transfer is not included, General Fund revenue through the first quarter of FY 2024 would be 1.2% greater than through the first quarter of FY 2023.

Individual income tax revenue was over budget by \$0.9 million (0.3%) for the month but under budget by \$10.3 million (1.7%) for the fiscal year to date. Individual income tax final payments and withholding payments exceeded budget levels for the month while estimated and fiduciary payments were under budget. Through the first quarter of fiscal year 2024, refunds (negative impact on General Fund), final payments and withholding payments exceeded budget levels while estimated and fiduciary payments were below budget. Corporate income tax revenue was \$3.8 million (4.3%) below budget for September and \$1.0 million (1.0%) below budget for the fiscal year to date. Sales and use tax revenue for September (August sales) was \$9.5 million (4.5%) above budget for the month and \$38.8 million (6.2%) above budget for the fiscal year to date. Other Revenues for the fiscal year to date included the first (\$54.1 million) of two FY 2023 automotive sales tax transfers from the General Fund to the Highway Fund (negative impact on General Fund revenue) made pursuant to PL 2023, c. 189, Part I.

2. Highway Fund Revenue Update (see attached)

Total Highway Fund Revenue - FY 2024 (\$'s in Millions)

	Budget	Actual	Var.	% Var.	Prior Year	% Change
September	\$31.9	\$37.7	\$5.8	18.2%	\$27.8	35.4%
FYTD	\$139.4	\$160.3	\$20.8	14.9%	\$90.7	76.7%

Highway Fund revenue was over budget by \$5.8 million (18.2%) for the month of September and by \$20.8 million (14.9%) through the first quarter of fiscal year 2024. FY 2024 Highway Fund revenue through the first quarter was significantly greater than through the first quarter of FY 2023 largely because of the first automotive sales tax transfer from the General Fund to the Highway Fund made in July.

Fuel tax revenue was \$1.4 million (6.6%) under budget for the month of September but over budget by \$8.0 million (15.3%) for the fiscal year to date. Motor vehicle registrations and fees were above budget by \$5.4 million (126.9%) for the month and by \$6.2 million (26.0%) above budget for the fiscal year to date. Highway Fund revenue for the fiscal year to date also included the first (\$54.1 million) of two FY 2023 automotive sales tax transfers from the General Fund to the Highway Fund (positive impact for the Highway Fund) made pursuant to PL 2023, c. 189, Part I.

3. Cash Balances Update

The average balance in the cash pool for September was \$4,167.8 million, an increase of \$8.2 million from August's average. Increases in General Fund and Independent Agency Funds balances were largely offset by decreases in Highway Fund, Other Special Revenue Funds and Other State Funds balances. The average Highway Fund balance for September was \$42.1 million, a decrease of \$14.5 million from August's balance of \$56.7 million.

4. Economic and Revenue Forecast - Meetings

The Consensus Economic Forecasting Commission (CEFC) met on October 23rd to review and update the economic forecast for its November 1st report. The CEFC made relatively minor changes to its April 2023 forecast. Of particular note, the CEFC forecast for the growth in personal income was revised upward from 5.2% to 5.9% for calendar year 2023 but downward for calendar years 2024 through 2027 and the forecast for growth in wage and salary income, the largest component of personal income, was revised upward from 6.0% to 7.5% for calendar year 2023 but was unchanged for calendar years 2024 through 2027. The CEFC also revised its forecast for the Consumer Price Index (CPI) downward for calendar years 2023 through 2027 and made no changes in its wage and salary employment forecast.

The Revenue Forecasting Committee (RFC) will meet Tuesday, November 28th to review and update the revenue forecast for its December 1st report. The RFC will incorporate the revised CEFC forecast, updated revenue collections for FY 2024 and other updated information since its May 2023 forecast.

Legislative Council Meeting
October 26, 2023

Procedures for Review of Legislative Bill Requests for the
Second Regular Session of the 131st Legislature

Requirements Relevant to Bills in the Second Regular Session

1. Under the terms of the Maine Constitution, Section 1 of Article IV, Part Third, Legislative Power, the business of the second regular session **must be limited to:** budgetary matters; legislation in the Governor’s call; legislation of an emergency nature admitted by the Legislature; legislation referred to committees to study and report by the Legislature in the first regular session; and legislation presented to the Legislature by written petition of the electors (direct citizen initiative).
2. Under the Legislative Council’s Rules of Procedure for the 131st Legislature, any action of the Legislative Council requires the affirmative vote of at least 6 members.
3. Under Rule 203 of the Joint Rules of the 131st Legislature, any vote of the Legislative Council to accept or reject a bill or resolve for introduction under the procedures established under the Joint Rules must be taken by the yeas and nays, and that vote must be recorded and made available for public inspection.
4. Under Rule 217 of the Joint Rules, a bill that has been introduced and finally rejected in a regular or special session may not be introduced in a subsequent session of the same Legislature except by a vote of 2/3 of both chambers. Therefore, final determinations as to the relevancy of Rule 217 will be made by the presiding officers outside of this meeting.

Protocol for Deciding Legislative Bill Requests

- A. The Legislative Council will review bill requests alphabetically by subject area. An exception to this order of review may be made for bill requests for which an ASL Interpreter is required for persons who are deaf or hard of hearing. Those bills will be taken out of order at a time during the meeting when an interpreter is available.
- B. For procedural consistency, when voting on a bill request, the initial motion on a bill will be presumed to be a motion to accept the bill request for introduction into the second regular session along with a second to that motion. (“Yes” is to let in a bill; “no” is to reject the bill for introduction). Also for procedural consistency, unless otherwise stated, each motion is presumed to have been made by the vice-chair of the Legislative Council, seconded by the chair.
- C. In order to review all legislative requests in a timely manner, voting will be by electronic vote or a show of hands, with each Council Member’s vote on each bill being recorded. The record of each vote will be made available by the Office of the Executive Director for public inspection following the meeting.

- D. If a bill request has been identified by the Revisor as requiring a ruling under Joint Rule 217, the Legislative Council may vote to accept that bill for introduction, conditional upon a subsequent ruling by the presiding officers.
- E. Legislative sponsors and others are welcome to observe the Council's deliberations on the bill requests, but discussion of the requests will be confined to members of the Legislative Council and its staff. Discussion of a bill request among Legislative Council Members will be limited to whether it is appropriate for introduction under Constitutional provisions for second regular session bills, and will not speak to the merits of the bill itself.
- F. If the Legislative Council turns down a bill request, the sponsoring Legislator may appeal that decision if an appeal is filed in a timely manner. At a subsequent meeting of the Legislative Council, the legislator may speak briefly to the bill request under appeal.
