RE: GOC Action on Expedited Category for Tax Expenditure Review

### **Proposal for Committee Discussion**

Enclosed is a proposal for Committee members to consider for the purpose of addressing the expedited tax expenditure review category that remains in statute without a corresponding review process.

The proposal attached describes the logic behind OPEGA's recommendation to remove the category from statute and move the incentives currently in the category in the No Review expenditure. The proposal includes possible draft bill language. OPEGA has also provided a list of all tax expenditures in the expedited category as of October 2023.

### **Committee Process**

OPEGA suggests that if the Committee wants to take action on the proposal, a Committee vote may be needed. If no action is taken, no vote is needed.

- The Committee may move to accept the proposal and send a letter to the 132<sup>nd</sup> Government Oversight Committee recommending that that Committee submit the attached draft bill language.
