FINANCIAL ORDER

Covid-related
(cv)

That the State Controller increase allotment in account 022-15A-0108-90, Military Training and Operations by \$130,277 in the Personal Services line category and \$61,088 in the All Other line category for the purpose of allotting revenue from the Coronavirus Relief Fund; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2020", for which this shall be our sufficient warrant.

Statement of Fact

This order provides the necessary allotment to reimburse the Department of Defense, Veterans and Emergency Management for the costs of State Active Duty Soldiers (SAD) COVID missions. On March 15, 2020 the Governor declared a State of Civil Emergency in response to COVID-19. As a result, the Maine Emergency Management Agency fully activated the Maine State Emergency Operations Center (EOC). In response, the Maine National Guard, authorized by the Governor, issued a Joint Order for MENG COVID-19 Response. Upon order the MENG began immediate preparations to support the State's EOC with soldiers and airmen being called to SAD on March 19, 2020. As missions were developed and approved, 64 service members were called to SAD to conduct missions in direct response to the public health emergency caused by COVID-19. These 64 soldiers and airmen were on orders for various lengths of time between March 19, 2020 and April 18, 2020. On March 19, 2020 all soldiers and airmen in SAD were transitioned to federal Title 32, Active Duty under the control of the Governor to continue COVID-19 response operations. Funding is provided 100% by the Federal Government under the Coronavirus Relief Fund.

BY GOVERNOR
ORDERED,

That the State Budget Officer be authorized to establish in account 013-12A-0245-60, Employment Security Administration Fund, the following limited-period positions in accordance with Title 5, section 1583-A: 13 Claims Adjudicator positions; and,

Be it further ordered, that the State Controller increase allotment in account 013-12A-0245-60, Employment Security Administration Fund, by \$19,000 in the Personal Services line category for the purpose of hiring additional staff; and,

Be it further ordered, that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2020", for which this shall be our sufficient warrant.

Statement of Fact

This financial order establishes funding for 13 limited-period positions. The positions will start June 8, 2020 and end June 12, 2021. These positions will be funded in fiscal year 2021 with another financial order. The federal revenue is provided by using a portion of the funding provided by the Assistance for Unemployed Workers and Struggling Families Act of 2009. The workload of the Bureau of Employment Security within the Department of Labor is countercyclical by its nature - as the economy declines, the workload increases. The COVID-19 pandemic is causing unprecedented increases in unemployment claims. Without the additional positions, responses to claimants may be significantly delayed, unemployment payments to claimants may lag and federal requirements may not be met.
