J. Arrange for and facilitate compliance by the program or arrangements established under the program with all requirements applicable to the program under the Internal Revenue Code, including requirements for favorable tax treatment of the IRAs, and any other applicable federal or state law or accounting requirements, including using its best efforts to implement procedures minimizing the risk that covered employees will exceed the limits on tax-favored IRA contributions that they are eligible to make and otherwise providing or arranging for assistance to covered employers and covered employees in complying with applicable law and tax-related requirements in a cost-

1 effective manner. The board may establish any processes it reasonably considers to be
2 necessary or advisable to verify whether an employer is a covered employer, including
3 reference to online data and possible use of questions in employer state tax filings,
4 consistent with the objective of avoiding to the fullest extent practicable any need to

16 L. Discharge its duties and see to it that the members of the board discharge their duties
17 with respect to the program solely in the interest of the participants as follows:

18 (1) For the exclusive purpose of providing benefits to participants and defraying
19 reasonable expenses of administering the program; and

20 (2) With the care, skill, prudence and diligence under the circumstances then
21 prevailing that persons of prudence, discretion and intelligence, acting in a like
22 capacity and familiar with those matters, would use in the conduct of an enterprise
23 of a like character and with like aims;

24 M. Make provision for costs and expenses incurred to initiate, implement, maintain,

28 or for the program or pursuant to arrangements established under the program to the
29 extent permitted under federal and state law;

30 N. Accept any grants, gifts, legislative appropriation, loans and other funds from the

V. Carry out its powers and duties under the program pursuant to this chapter and exercise any other powers as are appropriate for the effectuation of the purposes, objectives and provisions of this chapter pertaining to the program.

2. Required elements of program. In accordance with the implementation dates set forth in subsection 3, the program must:

A. Allow an eligible individual in this State to choose whether or not to contribute to an IRA under the program, including allowing a covered employee in the State the choice to contribute to an IRA under the program through a payroll deduction IRA arrangement;

B. Notwithstanding any provision of state law related to payroll deduction to the contrary, require each covered employer to offer its covered employees the choice whether or not to contribute to a payroll deduction IRA by automatically enrolling them in the payroll deduction IRA with the opportunity to opt out. A covered employee who is not a participant because that employee has opted out will be automatically reenrolled with the opportunity to opt out again at regular or ad hoc intervals determined by the board in its discretion, but not more frequently than annually;

C. Provide that the IRA to which contributions are made is a Roth IRA, except that the board has the authority at any time, in its discretion, to add an option for all participants to affirmatively elect to contribute to a traditional IRA as an alternative to the Roth IRA;

D. Provide that, unless otherwise specified by the covered employee, a covered employee must automatically initially contribute 5% of the covered employee's salary or wages to the program and may elect to opt out of the program at any time or contribute at any higher or lower rate, expressed as a percentage of salary or wages, or, if the board in its discretion permits, expressed as a flat dollar amount, subject in all cases to the IRA contribution and income eligibility limits applicable under the Internal Revenue Code at no additional charge. The board is authorized to change, from time to time, the 5% automatic initial default contribution rate for all covered employees in its discretion;

E. Provide on a uniform basis, if and when the board so determines in its discretion, for an annual increase of each participant's contribution rate, by not more than 1% of salary or wages per year up to a maximum of 8%. Any such increases must apply to participants, as determined by the board in its discretion, either by default or only if initiated by affirmative participant election and are in either case subject to the IRA contribution and income eligibility limits applicable under the Internal Revenue Code;

F. Provide for direct deposit of contributions into investments under the program, including, but not limited to, a default investment such as a series of target date funds and a limited number of investment alternatives including a principal preservation option determined by the board. In addition, the board may provide that each participant's initial contributions, up to a specified dollar amount or for a specified period of time, are required to be invested in a principal preservation investment or, in the board's discretion, must be defaulted into such an investment unless the participant affirmatively opts for a different investment for those contributions. The board shall determine how often participants will have the opportunity to change their selections of investments for future contributions or existing balances or both;

D. In the case of a failure that is due to reasonable cause and not to willful neglect, all or part of the penalty may be waived to the extent that the payment of the penalty would be excessive or otherwise inequitable relative to the failure involved.

E. If a covered employer fails to transmit a payroll deduction contribution to the program on the earliest date the amount withheld from the covered employee's compensation can reasonably be segregated from the covered employer's assets, but not later than the 15th day of the month following the month in which the covered employee's contribution amounts are withheld from the covered employee's paycheck, the failure to remit the contribution on a timely basis is subject to the same penalties as apply to employer misappropriation of employee wage withholdings and to the penalties specified in paragraph A.

F. The Attorney General shall represent the board in enforcement and collection of penalties.

§174. Rules

3. Debts, contracts and obligations. The debts, contracts and obligations of the program or the board are not the debts, contracts and obligations of the State, and the faith and credit or the taxing power of the State is not pledged directly or indirectly to the payment of the debts, contracts and obligations of the program or the board.

4. Immunity of board members. The board and its staff are immune from suit on any and all tort claims seeking recovery of damages to the same extent as governmental entities under the Maine Tort Claims Act.

5. Legal representation and defense of board. The Attorney General is legal counsel to the board and shall represent and defend the board, as a group and individually, in connection with any claim, suit or action at law arising out of the performance or nonperformance of any actions related to the program under this chapter to the same extent as provided for governmental entities in the Maine Tort Claims Act.

§176. Confidentiality of account information

1. Individual account information. Individual account information for accounts under the program, including, but not limited to, names, residential addresses, e-mail addresses, telephone numbers, personal identification information, amounts contributed and earnings on amounts contributed, is confidential and must be maintained as confidential except to the extent necessary to administer the program in a manner consistent with this chapter, the tax laws of this State and the Internal Revenue Code or unless the person who provides the information or is the subject of the information expressly agrees in writing that the information may be disclosed.

2. Restriction on use of personal information. An individual or organization that has access to personal information of participants solely because of its contracts or agreements with the board to provide services or support to the program, including plan administration, may not use that information to market its products or services not associated with the program to participants unless the participant affirmatively consents to receive such information.

§177. Intergovernmental collaboration and cooperation

The board may enter into an intergovernmental agreement or memorandum of understanding with the State and any agency or instrumentality of the State to receive outreach, technical assistance, enforcement and compliance services, collection or dissemination of information pertinent to the program subject to such obligations of confidentiality as may be agreed or required by law or other services or assistance. The State and any agencies or instrumentalities of the State that enter into such agreements or memoranda of understanding shall collaborate to provide the outreach, assistance, information and compliance or other services or assistance to the board. The agreements or memoranda of understanding may cover the sharing of costs incurred in gathering and disseminating information and the reimbursement of costs for any enforcement activities or assistance.

§178. Maine Retirement Savings Program Enterprise Fund

1. Fund established. The Maine Retirement Savings Program Enterprise Fund is established as an enterprise fund. The board shall use funds deposited in the enterprise fund in accordance with this section. The enterprise fund may receive grants, gifts, donations, appropriations, loans or other funds designated for administrative expenses or

ROFS

1 otherwise transferred to the enterprise fund from or deposited in the enterprise fund by the
2 State or a unit of federal, state or local government or any other person, firm, partnership
3 or corporation, including appropriations to the enterprise fund by the Legislature and funds
4 from the payment of application, account, administrative or other fees and the payment of
5 other funds due the board. Interest or other investment earnings or returns that are
6 attributable to funds in the enterprise fund must be deposited into or retained in the
7 enterprise fund. The enterprise fund may not lapse but must be carried forward to carry
8 out the purposes of this chapter. The board shall amortize any amounts appropriated to the
9 enterprise fund by the Legislature to ensure that those amounts are paid back to the funding
10 sources based on an amortization schedule determined by the board, but no later than 5
11 years after the program is fully implemented.

12 **2. Borrowing.** To enable or facilitate the start-up and continuing operation,
13 maintenance, administration and management of the program until the program
14 accumulates sufficient balances and can generate sufficient funding through fees assessed
15 on program accounts for the program to become financially self-sustaining, the board may
16 borrow from the State, any unit of federal, state or local government or any other person,
17 firm, partnership or corporation working capital funds and other funds as may be necessary
18 for this purpose, as long as such funds are borrowed in the name of the program and board
19 only and that any such borrowing is repaid solely from the revenues of the program. The
20 board may not borrow from the retirement system for any purpose. The board may enter
21 into long-term procurement contracts with one or more financial or service providers that
22 provide a fee structure that would assist the program in avoiding or minimizing the need to
23 borrow or to rely upon general assets of the State.

24 **3. Administrative costs.** Subject to appropriation by the Legislature, the State may pay
25 administrative costs associated with the creation, maintenance, operation and management
26 of the program and provide funding for the program until sufficient assets are available in
27 the enterprise fund for that purpose. Thereafter, all administrative costs of the enterprise
28 fund, including any repayment of start-up funds provided by the State, must be repaid only
29 out of money on deposit in the enterprise fund. However, private funds or federal funding
30 received in order to implement the program until the enterprise fund is self-sustaining may
31 not be repaid unless those funds were offered contingent upon the promise of such
32 repayment.

33 **4. Use of enterprise fund.** The board shall use the money in the enterprise fund solely
34 to pay the administrative costs and expenses of the program and the administrative costs
35 and expenses the board incurs in the performance of its duties under this chapter.

36 **§179. Accounting and annual report**

37 **1. Account; audit.** The board shall cause an accurate account of all of the program's,
38 enterprise fund's and board's activities, operations, receipts and expenditures to be
39 maintained on a calendar year basis. A full audit of the books and accounts of the board
40 pertaining to those activities, operations, receipts and expenditures must be conducted by
41 a certified public accountant, including, but not limited to, direct and indirect costs
42 attributable to the use of outside consultants, independent contractors and any other persons
43 who are not state employees for the administration of the program. For the purposes of the
44 audit, the auditors must have access to the properties and records of the program and board
45 and may prescribe methods of accounting and the rendering of periodic reports in relation
46 to projects undertaken by the program.

2. Submission of report. Beginning February 1, 2023 and annually thereafter, the board shall submit to the Governor, the Treasurer of State and the Legislature an audited financial report, prepared in accordance with generally accepted accounting principles, detailing the activities, operations, receipts and expenditures of the program and board during the preceding calendar year. Sec. 3. Implementation of Maine Retirement Savings Program. Except as provided in this section, the Maine Retirement Savings Board shall establish the Maine Retirement Savings Program as required under this Act so that individuals may begin making contributions under the program no later than July 1, 2022. The board shall phase in the program with regard to covered employers and accept contributions from covered employees employed by those covered employers as required under this Act and may in its discretion phase in the program for individuals who are not employees, such as self-employed individuals or independent contractors, expect that any implementation schedule set by the board must be such that all individuals may begin making contributions under the program no later than January 1, 2024. The board may not implement the program if and to the extent that the board determines that the program is preempted by the federal Employee Retirement Income Security Act of 1974, as amended, 29 United States Code, Section 1001 et seq. If and to the extent that the board determines that a portion or aspect of the program is preempted by the federal Employee Retirement Income Security Act of 1974, the board may not implement that portion or aspect of the program but shall proceed to implement the remainder of the program to the extent practicable. If the board determines that some but not all of the payroll deduction individual retirement account arrangements or other arrangements under the program are or would be employee benefit plans under the federal Employee Retirement Income Security Act of 1974, the board shall implement the program with respect to the other arrangements under the program to the extent practicable and may not implement the program with respect to plans covered by the federal Employee Retirement Income Security Act of 1974 or proceed to implement the program with respect to plans covered by the federal Employee Retirement Income Security Act of 1974 on a basis reflecting their status or possible status as such, as long as such actions do not create an undue risk of causing the federal Employee Retirement Income Security Act of 1974 to preempt state law with respect to other portions of the program or causing other arrangements under the program to be treated as plans covered by the federal Employee Retirement Income Security Act of 1974.

Sec. 4. Staggered terms. Notwithstanding the Maine Revised Statutes, Title 5, section 172, subsection 3, with regard to the original appointments of the members of the Maine Retirement Savings Board, the Governor shall appoint one member for a one-year term, one member for a 2-year term, one member for a 3-year term and any other member

for a 4-year term. The Governor shall appoint the initial members of the board no later than July 1, 2021.

Sec. 5. Transfer of settlement funds; fiscal year 2020-21. Notwithstanding any other provision of law to the contrary, no later than February 1, 2021, the State Controller shall transfer \$1,600,000 of the funds received pursuant to court order in State of Maine v. Equifax, Inc., Kennebec County Superior Court Docket No. CV-19-152 and the Wells Fargo & Company multistate settlement agreement signed December 28, 2018 to the Maine Retirement Savings Program Enterprise Fund established in the Maine Revised Statutes, Title 5, section 178. Funds transferred pursuant to this section must be used solely for consumer and antitrust activities identified in the court decree and approved by the Attorney General with the consent of the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate and the Minority Leader of the House of Representatives.

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment replaces the bill and is the majority report of the committee. Like the bill, the amendment establishes the Maine Retirement Savings Board except that the amendment designates the executive director of the Maine Public Employees Retirement System as chair of the board instead of the Treasurer of State and removes the program from the Office of the Treasurer of State. The amendment requires the board to develop a voluntary program to offer individual defined contribution retirement accounts for persons employed in the State who do not have access to a qualified retirement plan through their employers or who are self-employed.

Fiscal Detail and Notes

The bill establishes the Maine Retirement Savings Program Enterprise Fund (the Fund) and transfers money held by the Treasurer of State on behalf of the Attorney General that was received pursuant to the court order in State of Maine v. Equifax, Inc., Kennebec County Superior Court Docket No. CV-19-152 and the Wells Fargo & Company multistate settlement agreement to the Fund. The bill also includes an allocation to the Fund of \$1,600,000 in fiscal year 2020-21. This allocation is funded by the transfer described above and is to be used for administrative expenses incurred in the performance of the retirement system's duties under this chapter. Because this legislation provides that the Fund reimburse the Maine Public Employees Retirement System (MainePERS) for the full cost of any staff time provided to the Maine Retirement Savings Board, including the time of the executive director, there is no net fiscal impact to MainePERS.

Additional costs to the Office of the Treasurer of State associated with serving on the board can be absorbed within existing budgeted resources.
