21	HUM	Z222	Dorothea Dix Psychiatric Center	Provides funding for the integrated care management system at Dorothea Dix Psychiatric Center.	Aspects of the Integrated Care Management (ICM) system will fulfill Centers for Medicare and Medicaid Services requirements, allowing Dorothea Dix Psychiatric Center to remain in compliance. An ICM is considered a standard of care for hospitals and other healthcare facilities. It facilitates the documentation that is required by federal regulations and accrediting bodies, it allows for better integration of information among the various disciplines working in the facility and it enhances the ability to bill and code services in order to comply with regulatory requirements. 22	HUM	Z225	Disproportionate Share - Dorothea Dix Psychiatric Center	Continues one limited-period Public Service Manager III position funded 36.08% in fiscal year 2021-22 and 36% in fiscal year 2022-23 General Fund in the Disproportionate Share - Dorothea Dix Psychiatric Center program and 63.92% in fiscal year 2021-22 and 64% in fiscal year 2022-23 Other Special Revenue Funds in the Dorothea Dix Psychiatric Center program, provides funding for related All Other costs and transfers All Other to Personal Services to fund the position. This position was continued by Financial Order 001058 F1. The position will end on June 17, 2023.	The Deputy Superintendent position was originally established by Financial Order, 000606 F0, and continued by Financial Order 001058 F1, as a limited-period position effective November 10, 2019 through June 30, 2021. The primary responsibility is to assist the Superintendent in ensuring that all of the requirements as spelled out in the Advisory Board Bylaws are addressed in a timely and appropriate manner. The Deputy Superintendent is able to cover for the absences of the Superintendent. Additionally, the Deputy Superintendent will have administrative oversight of the selection and implementation of the Integrated Care Management system. This position is also responsible for project oversight of the new geropsychiatric unit.		Adult BH	General Fund	15	-	-	-	-

24	HUM	Z225	Disproportionate Share - Dorothea Dix Psychiatric Center	Establishes one Psychiatric Nurse Practitioner position funded 36.0775% General Fund in the Disproportionate Share - Dorothea Dix Psychiatric Center program and 63.9225% Other Special Revenue Funds in the Dorothea Dix Psychiatric Center program to assist the psychiatrists and physicians and to avoid higher locum tenens contracts. This initiative also provides funding for related All Other costs and transfers All Other to Personal Services to cover the cost of the position.	Currently, the nurse practitioners serving Dorothea Dix Psychiatric Center are hired under contract. There is no state line classification, although this is being addressed with the assistance of Human Resources. By establishing a Psychiatric Nurse Practitioner position, we will have more options for recruitment and retention of these providers. Use of nurse practitioners augments the psychiatrists/physicians who serve inpatients and outpatients of the hospital, and will help Dorothea Dix Psychiatric Center avoid higher cost locum-tenens contracts. 27	HUM	Z220	Disproportionate Share - Riverview Psychiatric Center	Adjusts funding for positions in the Riverview and Dorothea Dix Psychiatric Centers as a result of the increase in the Federal Medical Assistance Percentage. The blended rate is 63.92% Federal Expenditures Fund and 36.08% General Fund in federal fiscal year 2022 and 64% Federal Expenditures Fund and 36% General Fund in federal fiscal year 2023.	This initiative adjusts funding for positions within the Riverview Psychiatric Center and the Dorothea Dix Psychiatric Center to reflect the increase in the Federal Medical Assistance Percentage (FMAP) to 64% in federal fiscal year 2022. The blended FMAP rate is 63.92% in fiscal year 2022 and 64% in fiscal year 2023. FMAP percentages have not been updated since state fiscal year 2016.	Adult BH	General Fund	10	-	-	(420,894)	(456,368)

31	HUM	Z198	Mental Health Services - Community	Continues one limited-period Public Service Manager III position previously established by Financial Order 00793 F0 to serve as the deputy director of strategic planning managing the grant, contract, administrative and finance teams and communications, and reduces All Other to fund the position through June 17, 2023.	This initiative continues one Public Service Manager III position (Deputy Director of Strategic Planning), previously continued as a limited-period position by Financial Order 001106 F1 within the Office of Substance Abuse and Mental Health Services program. This position is critical in providing oversight of grants management and compliance, securing federal grants, financial planning, communications, and aligning office spending and activity with Department and Office priorities. This position is part of Senior Leadership for the Office. All Other appropriations to be moved to Personal Services to cover the cost of the position.	Adult BH	General Fund	2	-	-	-	-
32	HUM	Z198	Mental Health Services - Community	Continues one limited-period Public Service Manager III position in the Mental Health Services - Community Program, General Fund to serve as the deputy director of research and evaluation. Transfers All Other funding to Personal Services to fund the position. This position was previously established as a limited-period position by Financial Order 000762 F0 and will end on June 17, 2023.	This initiative continues one Public Service Manager III position (Deputy Director of Research and Evaluation), previously established by Financial Order 000762 F0 within the Office of Substance Abuse and Mental Health Services program. This position is critical to the Office of Behavioral Health in providing oversight of data and evaluation; overseeing quality improvement and outcomes monitoring of contracted services; fulfilling reporting requirements for federal grants; making data informed policy, program, and spending decisions; and determining impact of program and policy. This position is part of Senior Leadership for the Office. All Other appropriations to be moved to Personal Services to cover the cost of the position.	Adult BH	General Fund	2	-	-	-	-

33	HUM	Z198	Mental Health Services - Community	Provides funding to continue the crisis center in order to meet the requirements of the consent decree to provide crisis services in Cumberland County.	This initiative provides preliminary funding to continue the Crisis Center which is intended to provide crisis services in Cumberland County to ensure that individuals receive the support necessary until a firm linkage to another service is in place or the crisis has been resolved. In order to meet requirements of the Consent Decree, the Department is engaging in a demonstration of a Crisis Center model to determine if this will reduce psychiatric hospital admissions and incarceration of persons with mental illness and increase timely access to appropriate community based behavioral health services. This initiative provides preliminary funding for the crisis center and the Department will evaluate the full operating cost after it is established. Crisis Center programming is designed to provide immediate assessment and triage and active treatment when appropriate with the goal of stabilizing the individual and re-integrating him or her back into the community.		Adult BH	General Fund	2	-	-	250,000	250,000
34	HUM	Z198	Mental Health Services - Community	Reduces funding in the Mental Health Services - Community program by recognizing contract savings and program efficiencies.	This initiative reduces funding due to disencumbering a portion of the Private Non-Medical Institution room and board contracts per MaineCare Benefits Manual, Chapter III, Section 97, Appendix E, Principles of Reimbursement for Community Residences for Persons with Mental Illness, and the discontinuance of the EIS license agreement, dental services contracts to align with prior year spending, strategic planning consulting services contract, adult needs and strengths assessment on-line certification contracts, and efficiencies which have been realized. 35	HUM	Z198	Mental Health Services - Community	Establishes one Public Service Executive III position, one Social Service Program Manager position and 8 Intensive Case Manager positions funded 100% General Fund in the Mental Health Services - Community program to coordinate services related to individuals with forensic health needs across the State. Also provides funding for related All Other costs.	This request establishes one Public Service Executive III position, one Social Service Program Manager position and 8 Intensive Case Manager positions to coordinate services related to forensic individuals across the state system to include jails, hospitals, emergency rooms and other community settings. The team's goal is to identify the appropriate services for individuals with behavioral health challenges, helping to avoid unnecessary institutionalization or incarceration. 36	HUM	Z198	Mental Health Services - Community	Establishes one Public Service Manager III position funded 50% General Fund in the Mental Health Services - Community program and 50% General Fund in the Office of Substance Abuse and Mental Health Services program to serve as the deputy director of operations.	This position is critical to the Office of Behavioral Health in providing oversight of Mental Health and Substance Use Disorder program and staff, and serves as part of Senior Executive Team for the Office, reporting to the Director and filling in for the Director as necessary. The Deputy Director of Operations will oversee staff performance management; contract development, performance, and enforcement; insure standard operating policies and procedures for Office functions; financial management; and all other aspects of operations. This position is essential to insuring efficient, productive, and compliant Office functioning.		Adult BH	General Fund	2	1.0	1.0	89,799	90,397

39	HUM	Z198	Mental Health Services - Community	Provides funding to increase an agreement with a statewide organization for disability rights to expand advocacy services for community-based mental health services.	This initiative expands advocacy services for mental health clients receiving the community-based mental health services, including Assertive Community Treatment, Community Integration, Crisis Services, Medication Management and Residential Treatment. These services will be available statewide and provide advisement and representation for clients receiving community-based mental health services to ensure the protection of their human, civil, legal, financial rights. This initiative supports the Department's obligations under the Bates versus AMHI Consent Decree to enforce provisions that clients with serious mental illness not be refused service nor terminated from services without Departmental permission, as well as assists the Department in monitoring compliance with newly enacted Office of MaineCare Services rule Protections for Adults with Serious and Persistent Mental Illness. Funding from this initiative also provides mental health client advocacy and educational services regarding client rights to the Department and community based staff, and advisement and consultation with Department and community based staff regarding client rights and care issues. 76	HUM	Z074	Maine Children's Growth Council	Eliminates funding in the Maine Children's Growth Council program per Public Law 2019, chapter 450.	Maine Revised Statutes, Title 5, chapter 621, as amended, was repealed per Public Law 2019, chapter 450, Maine Children's Growth Council.		Children's Services	General Fund	1	-	-	(25,000)	(25,000)
77	HUM	Z206	Mental Health Services - Children	Reduces funding by recognizing one-time savings achieved by delaying contracts for children's home and community-based treatment and rehabilitative and community support services.	This initiative proposes to reduce contract funding for home and community-based treatment and rehabilitative and community support services (HCT/RCS) versus the planned spend. In fiscal year 2020-21 Children's Behavioral Health Services planned a 6-month pilot focusing on counties served and covered in the System of Care federal grant. If the 6-month pilot is successful in reducing the wait list and wait times for children and families for the initial three counties, 12-month contracts are planned for fiscal years 2021-22 and 2022-23 while expanding the number of counties served. 78	HUM	0139	State-funded Foster Care/Adoption Assistance	Reduces funding for software implementation for results-oriented management reporting.	The Child Welfare Program proposes to reduce contract funding for a tracking tool specifically tailored to measure the Department's ability to meet the requirements of the federal Child and Family Services Review (CFSR) measures. Reducing funding for this contract will allow the Office of Child and Family Services to shift additional costs for Alternative Response, Resource Family Support and Child Abuse Prevention services from General Fund to the federal grant. 82	HUM	0139	State-funded Foster Care/Adoption Assistance	Establishes 15 Child Protective Services Caseworker positions effective January 1, 2022 funded 79% General Fund and 21% Other Special Revenue Funds within the Office of Child and Family Services - District program to implement the federal Family First Prevention Services Act. Funding will be realized by reallocating funding for community intervention services.	This initiative proposes to use existing allocations to implement the federal Family First Prevention Services Act (FFPSA). These funds would come from two sources: Children's Behavioral Health Services Funding and funding for Community Intervention Program services (CIP). Contracts for Alternative Response services end 12/31/21, and funding for Community Intervention Program services (CIP) begin. This initiative will implement a new structure of services, which includes assessing alternative response cases internally with 15 new caseworkers. This initiative provides value to the state because all reports of suspected child abuse and neglect would be managed in-house. CIP would implement the Homebuilders Evidence-Based family preservation and reunification program, which would allow OCFS to leverage IV-E dollars and supports the Department's goal of reducing the number of children in care and keeping children safely in their home. This initiative reflects the estimated cost of increased rates based on an upcoming rate study and compliance with a new federal certification requirement included in the Family First Prevention Services Act (FFPSA), which requires residential providers to meet the Qualified Residential Treatment Provider status in order for the state to qualify for federal Title IV-E funding. 117	HUM	Z208	Developmental Services - Community	Provides funding to contract with a provider to implement and provide technical support for the use of a standardized developmental disability needs assessment.	The Department provides services for individuals with intellectual and developmental disabilities through the use of two primary waiver programs, Mainecare Benefits Manual, Chapter II, Section 21, Home and Community Benefits for Members with Intellectual Disabilities or Autism Spectrum Disorder and section 29 Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder. Currently, there is no standardized assessment tool used to determine a person's needs for either of these waivers, therefore some clients may be receiving more services and supports than are needed, while others do not have access to enough services. This budget initiative will fund a standardized assessment for all individuals currently receiving services, as well as those newly eligible for services. As needs change for individuals, this assessment tool can be used to re-assess needed services in a fair, equitable manner.	Developmental Services	General Fund	60	-	-	825,000	825,000

122	HUM	Z208	Developmental Services - Community	Reduces funding by recognizing one time savings achieved by implementing new programmatic management practices for emergency transitional housing.	This reduction is a result of the Department using reserve capacity to provide participants a funded slot on the Home and Community Based Service for Adults with Intellectual Disability, MaineCare Benefits Manual, Chapter III, Section 21. Reductions are based on new programmatic management practices and scaled to the approximate amount of unspent funds from prior year. Any impact on participants would be as a result of reduced funding capacity for section 21 based upon how many reserved slots are used throughout the fiscal year.	Developmental Services	General Fund	60	-	-	(215,000)	(215,000)
123	HUM	Z208	Developmental Services - Community	Reduces funding one time in the Developmental Services - Community program due to general efficiencies.	The Developmental Services - Community program can absorb this reduction based on a historical analysis of these contracted services, which are provided on an as-needed basis. Services could be impacted by not having adequate funds available for unforeseen needs later in the fiscal year.	Developmental Services	General Fund	60	-	-	(200,000)	(200,000)

124	HUM	Z216	Crisis Outreach Program	Provides funding for the proposed reclassification of 47 Mental Health Worker III positions to Community Integration Worker positions and provides funding for related STA-CAP charges. 129	HUM	Z212	Developmental Services Waiver - Supports	Provides funding for individuals with intellectual disabilities to receive services pursuant to the department's rule Chapter 101: MaineCare Benefits Manual, Chapter II, Section 29, Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder.	Services under the MaineCare Benefits Manual, Chapter II, Section 29, Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder are designed to promote independence and supplement existing relationships by allowing individuals who live with their families to participate in shared living or support them in living on their own in the community. Section 29 offers a broad array of services including varied levels of support in one's home, community or workplace and additional services can be identified through the person-centered planning process. Section 29 provides opportunities for members to receive services in the setting of their choice rather than an institution. The goal of this initiative is to ensure funding to add 30 individuals per month to Section 29 during the biennium. The Department sees this initiative, in combination with others, as a bridging strategy that provides supports and services to people while longer-term reforms are implemented. The "Community First Choice Option" (CFC) allows states to provide home and community-based attendant services and supports to eligible Medicaid enrollees under their State Plan. This state plan option was established under the Affordable Care Act of 2010. The purpose of the CFC option is to provide individuals meeting an institutional level of care the opportunity to receive necessary personal attendant services (PAS) and supports in a home and community-based setting. The CFC option is an additional tool that states can use to facilitate community integration while receiving enhanced Federal Medical Assistance Percentage for CFC option services and supports. This initiative provides funding to support an innovative and robust public outreach and education campaign, Overdose Prevention Through Intensive Outreach, Naloxone, and Safety Program (OPTIONS), that will increase awareness and understanding of drug overdose risks, available treatment options, and harm reduction strategies. The OPTIONS campaign will include clear calls to action for reducing risk of overdose and accessing a treatment locator. It will be geared to reach individuals with Opiate Use Disorder (OUD) and Substance Use Disorder (SUD), their support systems, providers, and first responders. Together, these efforts will fill important gaps in Maine's current opioid response efforts by helping to address the rising rate of drug overdose deaths, as well as the frequently identified need for better access to real time information on how to connect individuals with needed and available SUD/OUD treatment services. Fiscal year 2021-22 Non-Emergency Transportation (NET) broker payments are anticipated to decrease for three reasons related to service utilization: (1) the continued use of telehealth will reduce the need for transportation to in-person appointments; (2) the opening of multiple new methadone clinics has reduced some long-distance transportation; and (3) utilization continues to be lower than anticipated. 411	HUM	0208	Disability Determination - Division of	Establishes one limited-period Disability Claims Supervisor position, 10 limited-period Disability Claims Adjudicator positions and one limited-period Office Associate II position funded 100% Federal Expenditure Fund within the Disability Determination - Division of program and provides funding for related All Other costs.	Due to current and forecast economic and public health conditions, the Social Security Administration (SSA) is anticipating an increase in disability workloads commencing now and lasting over the next several years. To meet this demand, SSA has asked the Maine Disability Determination Services (DDS) to create 12 additional case processing positions. These positions would supplement the current case processing capability. Currently, because of staffing shortages, cases for disability benefits that come to DDS are delayed a month or more until they can be assigned. These new positions will allow DDS to get benefits to disabled Maine citizens much quicker, and meet the demands of increasing workloads. These positions are 100% federally funded, and bring significant revenue to the State.	Public Assistance	Federal Expenditures Fund	1	-	-	1,089,465	1,129,992
