Re: Innovation, Development, Economic Advancement and Business Committee Report on LD 258,
"An Act Making Unified Appropriations and Allocations from the General Fund and Other Funds
for the Expenditures of State Government and Changing Certain Provisions of the Law Necessary
to the Proper Operations of State Government for the Fiscal Years Ending June 30, 2023, June
30, 2024 and June 30, 2025"

Date: March 10th, 2023

As chairs of the Joint Standing Committee on Innovation, Development, Economic Advancement and Business (IDEA Committee), we write to convey to the Joint Standing Committee on Appropriations and Financial Affairs the recommendations of the IDEA Committee regarding the items within its jurisdiction proposed in the biennial budget for the fiscal years ending June 30th, 2023, June 30th, 2024 and June 30th, 2025.

As shown in the attached report back form, a majority of the IDEA Committee voted to recommend "In" every initiative within its jurisdiction. However, a majority of IDEA Committee also voted to recommend changes to one baseline budget item, a few of the initiatives, and one language part. Each of the recommended changes is represented in the attached report back form and summarized below. The one item that the IDEA Committee did not provide input on is Language Part J, due to information it received from the Department of Economic and Community Development regarding pending legislation that may alter or replace the Pine Tree Development Zone program.

Recommended Changes:

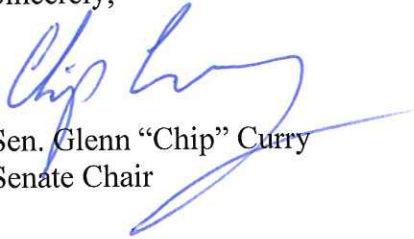

- **Development Foundation 0189:** A majority of the committee voted to recommend increasing the baseline budget of Maine Development Foundation to \$250,000. Those who voted against this recommendation would prefer the baseline budget to remain as is. (Vote: 8-4)

- **Maine Health Care Provider Loan Repayment Fund Z330 [Ref. #1486]:** A majority of the committee voted to recommend reducing the \$4,000,000 allocation in this initiative to \$2,000,000 and use that money to instead provide one-time funding of \$1,000,000 to both the Nursing Education Loan Repayment Program Z331 and Doctors for Maine's Future Scholarship Fund Z090. The committee also voted to recommend amending language Part SS to align with the recommended changes to this initiative. (Vote: 11-1)

Finally, the IDEA Committee would like to unanimously express its support for ongoing efforts to promote research and development in the State of Maine.

Thank you for your consideration of the recommendations of the Joint Standing Committee on Innovation, Development, Economic Advancement and Business.

Sincerely,

Sen. Glenn "Chip" Curry
Senate Chair

Justification:

The Maine Development Foundation (MDF) is a nonprofit economic development corporation created by the Maine Legislature to capitalize on the interests, resources and efforts of the public and private sectors. MDF champions sustainable, long-term growth for Maine. The foundation is a catalyst for new ideas and provides common ground for solving problems and advancing issues. The foundation is funded by membership dues, fees for service, contracts and grants. Corporations, counties, cities, towns and other organizations can become members by contributing to the foundation. MDF runs a number of programs, including leadership development, economic education for the Legislature, sector-based growth initiatives, and workforce initiatives. The three programs that currently received General Fund support are as follows: Maine Economic Growth Council is a permanent 19-member council appointed by the Governor, the Speaker of the House and the President of the Senate to establish and maintain a long range economic development plan for the state. The Council is staffed by the Maine Development Foundation. The Council's responsibilities include the development of a long-range plan, goals, benchmarks and alternative strategies for a sustainable state economy. Additionally, the Council will monitor progress in accomplishing the state's goals and benchmarks, recommend changes in the Plan to reflect the dynamics of the international, national and state economy. The Council is also charged with working with the Office of Innovation and the Maine Innovation Economy Advisory Board to make R&D funding recommendations for the Governor's budget. The Realize Maine Network is created by, for and of Mainers 20-40 to serve as a catalyst, a collaborator and a convener of Maine's young people with a stake in our common future by providing professional, social, cultural, recreational and civic opportunities in Maine. Projects that lend to these opportunities are websites, social networks, listeners, leadership training and outreach programs the engage the business, academic and nonprofits worlds. This is accomplished primarily at the local level through a system of regional affiliates that span the state geographically. The Maine Downtown Center was established to encourage downtown revitalization in the state. The Maine Downtown Center advances place-based economic development in downtowns statewide resulting in business growth, job creation, building rehabilitation, cultural enhancement and organizational leadership. Funding for the Maine Downtown Center supports its core program activities: Maine Street Maine, the Maine Downtown Network, Downtown Conferences and Institutes, a joint marketing portal publicizing downtown events and activities, statewide, initiatives to support entrepreneurship and startups, subgrant programs for building improvements and energy efficiency, plus training and coaching in all areas of downtown revitalization.

Justification:

The Office of Community Development receives funding from the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant Program to administer this program. Municipalities apply for these funds to undertake eligible activities as outlined in Title I of the Housing and Community Development Act of 1974, as amended. Activities include housing rehabilitation, public facilities, public infrastructure, public service, economic development and planning. The General Fund (match) appropriation is used by the department to provide general management, oversight, coordination, monitoring, and evaluation of community development projects undertaken with these HUD funds throughout the state (except the entitlement communities of Auburn, Bangor, Lewiston, Portland, South Portland, Biddeford and most of Cumberland County, recently designated a HUD Urban County, which receive annual funding directly from HUD). The General Fund request is critical toward meeting the minimum federal match requirements to operate this program. The Office of Community Development also includes the Maine Code Enforcement Training and Certification Program, State Landfill Oversight Program, Maine Made Marketing Program, Brownfields Revolving Loan Fund and the Co-Working Development Fund.

MTI was established to encourage, promote, stimulate and support research and development activity leading to the commercialization of new products and services in the State's technology-intensive industrial sectors to enhance the competitive position of those sectors and increase the likelihood that one or more of the sectors will support clusters of industrial activity and to create new jobs for Maine people. MTI is one element of the State's economic development strategy and contributes to the long-term development of a statewide research, development and product deployment infrastructure.

Justification:

The Office of Tourism exists to develop, promote and manage tourism in Maine. Its broad directive is to promote Maine as a four-season destination to both consumers and the travel trade. The office has conducted its programs according to a five year strategic plan for promoting tourism in Maine. The legislature, pursuant to Title 5, section 13090-K provided a dedicated, non-lapsing revenue stream for tourism promotion. On July 1st and October 1st each year, the State Controller transfers to the Tourism Marketing Promotion Fund an amount, as certified by the State Tax Assessor. The transfer amount currently is equivalent to 5% of the 8% tax and 5% of the 9% tax imposed on tangible personal property and taxable services pursuant to Title 36, section 1811. The tax amount must be based on actual sales for that fiscal year and may not consider any accruals that may be required by law. The amount transferred from General Fund sales and use tax revenue does not affect the calculation for the transfer to the Local Government Fund. A minimum of ten percent of the funds received by the Tourism Marketing Promotion Fund must be used for regional marketing promotion and regional special events promotion.

Justification:

The Office of Professional and Occupational Regulation (OPOR) was established in 1976 as an umbrella administrative agency for many professional and occupational licensing programs. The statutory mission of OPOR is to protect the public from unqualified and unscrupulous practitioners by licensing qualified individuals in a wide variety of professions and occupations and by imposing discipline on licensed individuals and entities, when warranted, to prevent harm to the public. Full-time staff and board members appointed by the Governor are assigned to licensing programs to provide the expertise, facilities and resources necessary to administer occupational and professional licensing programs established by the Maine Legislature to ensure public protection.

CFM handles many aspects of vehicle services including writing vehicle specifications, ordering vehicles, providing drivers with maintenance schedules, service assistance, fueling resources, insurance protection, and accident information processing. The requested position will enable the office to meet higher demand for licensed behavioral and physical health practitioners and licensed trade professionals. The position will enable the Director to enhance the training and experience of current staff given heightened emphasis on legal drafting of agency rules and documents. This position is needed due to heightened focus on the Office of Professional and Occupational Regulation's (OPOR) ability to manage all aspects of professional and occupational licensing for Maine and increased pressure on the agency to expedite the licensing process to expand Maine's workforce.
