SUMMARY

This amendment, which is the minority report of the committee, clarifies that state resources pay for 50% of the cost of a municipally significant disaster, contingent upon future budgetary action by the Legislature. The amendment also requires the Department of Administrative and Financial Services, Bureau of General Services and the Department of Transportation to work with a municipality to determine the cost of uninsured damages rather than all damages. The departments determine the actual cost of damages for compensation rather than estimated damages. It also clarifies that the Governor may enter into agreements that obligate municipal financial resources up to 50% of the actual total cost of damages rather than estimated damages.
