Fiscal Note Summary: Minor cost increase - Other Funds

LD 1873 Public Law 685

An Act To Amend the Laws Governing Stalking

Fiscal Note Summary: Future biennium cost increase - General Fund

Correctional/Judicial Impact: Increases Class C crimes. It is assumed that one additional Class C conviction may occur occasionally because of this legislation but it is not anticipated that it will occur within the coming biennium and no appropriation is provided for incarceration costs. The current average cost to the State for a Class C crime is \$70,173 based on an average length of stay of 1 year and 10 months or 675 days. Probationary costs are approximately \$2,282 per probationer per year for 3 years.

LD 1897 Public Law 686

An Act To Allow Blended Sentencing for Certain Juveniles

Fiscal Note Summary: Potential future biennium cost increase - General Fund

Correctional/Judicial Impact: This legislation allows blended sentencing for certain juveniles convicted as adults and sentenced to imprisonment if the juvenile has not attained 16 years of age at the time of sentencing. The fiscal impact of allowing sentencing placement to both juvenile (until age 18) and adult correctional facilities will depend on how often this type of sentence occurs and on what the sentence might have been had the current statutes continued unchanged. It appears that the most likely use of the blended sentence would be to add time in an adult facility beyond what might have been a sentence served only in a juvenile facility. An additional cost to the State would be incurred for the additional total time served. However, in the last 5 years there were 60 bind-overs and none of them involved a person under 16 years of age. Therefore, it is not expected that the number of future incarcerations would be significant.
