

**§10052-A. Division of Engineering**

The Division of Engineering is established within the Department of Inland Fisheries and Wildlife. The division is equal in organizational level and status with other major organizational units within the department or its successors. The division is administered by a director who is immediately responsible to the deputy commissioner. The director possesses full authority and responsibility for administering all the powers and duties of the division, subject to the direction of the commissioner and except as otherwise provided by statute. The responsibilities of the division include the design, maintenance and repair of department-owned facilities, including the preparation of a capital improvement plan to be printed in the budget document. [PL 2011, c. 253, §2 (NEW).]
