

CHAPTER 24

MAINE TURNPIKE

§1961. Legislative findings; cooperation with the Department of Transportation; bonds; governmental function

1. Legislative findings. The Legislature makes the following findings of fact. The economic and social well-being of the citizens of the State requires that the transportation system be developed in a comprehensive manner and depends upon the safety, efficiency and modern functional state of the turnpike. The turnpike should be maintained as a toll facility whether or not there are turnpike bonds outstanding. Toll revenues should be utilized to pay for retirement of any outstanding debt, including interest thereon; to pay for operation and maintenance of the turnpike; to pay for reconstruction of the turnpike; and to repay the Federal Government for grants or loans, the proceeds of which were used for the construction or reconstruction of the turnpike or portions of the turnpike, interchanges and certain interconnecting access roads, but only to the extent that the repayment is required as a result of maintaining tolls on the turnpike.

[PL 1993, c. 116, §1 (AMD).]

2. Cooperation with the Department of Transportation. The authority may issue bonds or other obligations to pay for department projects. These amounts are considered necessary for use by the department for construction, reconstruction, operation and maintenance of all roads on the state highway system, which serve and benefit users of the turnpike by providing direct and indirect access to and from the turnpike as part of the integrated highway system. Due to the utilization of the state highway system by users of the turnpike, the turnpike and its users have received and will continue to receive a benefit from, or have caused and will continue to cause, or both, the State acting by and through the department to incur costs for the construction, operation and maintenance of the state highway system, which provides direct and indirect access to and from the turnpike to areas in the State for which the State may properly be and should be compensated from the tolls to be collected. The authority must be maintained to carry out the purposes of this chapter in cooperation with the department.

[PL 2011, c. 302, §2 (AMD).]

3. Bonds.

[PL 2015, c. 5, §2 (RP).]

4. Governmental function. It is declared that the purposes of this chapter are public and that the authority shall be regarded as performing a governmental function in carrying out this chapter.

[PL 1987, c. 793, Pt. A, §6 (NEW).]

5. Transportation policy. Transportation planning decisions, capital investment decisions and project decisions of the Maine Turnpike Authority are governed by and must comply with the transportation policy set forth in section 73 and rules implementing that policy.

[IB 1991, c. 1, §3 (NEW).]

6. Appropriation. On or before January 31st of each year, the authority shall present to each regular session of the Legislature for its approval the authority's revenue fund budget for the calendar year that begins after the adjournment of that regular session and shall present to each regular session of the Legislature for informational purposes a statement of the revenues necessary during the next calendar year to fund capital expenditures and reserves and to meet the requirements of any resolution authorizing bonds of the authority, including debt service and the maintenance of reserves for debt service and reserve maintenance. The authority shall present a detailed budget of expenditures from the authority's reserve maintenance fund for the next calendar year and shall include cross-references

to show the total of similar expense categories that are paid from both the revenue and reserve maintenance funds. The authority may only pay revenue fund operating expenses in accordance with allocations approved by the Legislature or as necessary to satisfy the requirements of any resolution authorizing bonds of the authority. If alterations to the authority's revenue fund budget are needed, they must be reported by financial order to the joint standing committee of the Legislature having jurisdiction over transportation matters.

[PL 2011, c. 302, §3 (AMD).]

7. Funds for department projects. As part of the budget presented in subsection 6, the authority shall allocate funds for department projects in an amount such that the 3-year rolling average of the allocation equals at least 5% of annual operating revenues. The requirement under this subsection is subordinate to the authority's obligation to pay operating expenses and to meet the requirements of any resolution authorizing bonds of the authority. All department projects are subject to mutual agreement of the authority and the department.

For purposes of this subsection, annual operating revenues do not include any interest earned from the authority's capital and debt service reserve funds or the amount of tolls or other income that is discounted, rebated or refunded by the authority.

The authority shall complete an evaluation of reasonable alternatives to widening the turnpike to 3 lanes for each direction of travel in the corridor from mile marker 44 to mile marker 53. To evaluate reasonable alternatives, the authority shall complete an alternative mode feasibility study that examines regional travel patterns and demographics and provides an inventory of existing transportation infrastructure and employer-based commuter programs in the turnpike corridor from mile 44 to mile 53.

In conducting the evaluation required by this subsection, the authority shall provide for public participation consistent with section 73 and the rules adopted pursuant to that section. Completion of the evaluation required by this subsection satisfies the alternative evaluation requirements of section 73 and of the rules adopted pursuant to that section.

[PL 2007, c. 270, §2 (NEW).]

2. Review of alternatives. Upon completing the evaluation required under subsection 1, the authority shall review the alternatives to determine whether the alternatives can meet identified transportation deficiencies or needs in a safe manner at a reasonable cost with available technology. If, based on the evaluation, the authority finds that the alternatives do not meet the identified deficiencies or needs:

A. A final license, permit or approval necessary for the widening or expansion of the turnpike may be issued by the appropriate state agency; and [PL 2007, c. 270, §2 (NEW).]

B. The alternative evaluation and preference requirements of section 73 and rules adopted pursuant to that section are considered satisfied. [PL 2007, c. 270, §2 (NEW).]

§1965-C. Construction of a connector to Gorham

1. Evaluation of reasonable alternatives. The authority and the department shall evaluate reasonable alternatives to the building of a connector to Gorham in Cumberland County from Route 114 in South Gorham to an interchange on the turnpike by completing an alternative mode feasibility study.

The authority in cooperation with the department shall update the evaluations with public participation to satisfy the requirements of section 73 and rules adopted pursuant to that section.

[PL 2017, c. 68, §3 (NEW).]

2. Review of alternatives. Upon completing the evaluation and update required under subsection 1, the authority shall determine whether the alternatives are sufficient to meet long-term regional transportation needs, to correct deficiencies and to fulfill mobility requirements of the region safely and at reasonable cost, using available technology. If the authority finds that the alternatives are not sufficient:

A. A final license, permit or approval necessary for construction may be issued by the appropriate state agency; and [PL 2017, c. 68, §3 (NEW).]

B. The alternative evaluation and preference requirements of section 73 and rules adopted pursuant to that section are considered satisfied. [PL 2017, c. 68, §3 (NEW).]

§1966. Obligations of the authority

The authority shall operate as follows. [PL 1981, c. 595, §3 (NEW).]

1. General. All expenses incurred in carrying out this chapter shall be paid solely from funds provided under the authority of this chapter, and no liability or obligation may be incurred under this chapter beyond the extent to which money shall have been provided under the authority of this chapter. [PL 1981, c. 595, §3 (NEW).]

2. Coordination between authority and department on construction or reconstruction. Construction or reconstruction of the turnpike and its connecting tunnels and bridges, overpasses, underpasses, interchanges and toll facilities must be coordinated with the department and performed in a fashion generally consistent with applicable department standards under oversight of professional engineers registered in the State. The department shall coordinate with the authority on all department projects that are likely to affect turnpike projects and operations.

Contractors and subcontractors on all authority construction and reconstruction projects must be equal opportunity employers and, in connection with contracts in excess of \$250,000, also pursue in good faith affirmative action programs designed to remedy underrepresentation of minorities, women and persons with disabilities. The authority may by rule provide for the enforcement of this requirement. To the extent practical, the authority may use program and technical information developed by and available through the Department of Transportation to carry out this subsection.

All authority construction and reconstruction projects are governed by the prevailing wage provisions in Title 26, chapter 15.

[PL 2011, c. 302, §11 (AMD).]

2-A. Contracts for goods and services. Except as otherwise permitted by law, contracts for goods and services must be awarded by the authority through a competitive procurement process. The requirement for competitive procurement may be waived:

A. By the executive director when the purchase is for \$25,000 or less and the executive director determines that procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need; [PL 2011, c. 302, §12 (NEW).]

B. By the chair of the board when the chair determines that procurement is required by a state of emergency; or [PL 2011, c. 302, §12 (NEW).]

C. By the board pursuant to a written finding that:

- (1) Procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need;
- (2) The service or product is uniquely available from only one source; or
- (3) Only one known source can meet the authority's needs within the required time. [PL 2011, c. 302, §12 (NEW).]

[PL 2011, c. 302, §12 (NEW).]

2-B. Contracts for engineering services. When bond indentures require the authority to appoint an engineering consultant who may thereby gain a disproportionate advantage when competing for other design and inspection contracts, the authority shall adopt policies to mitigate this advantage and promote a fair distribution of the available work among qualified competing applicants.

[PL 2011, c. 302, §13 (NEW).]

3. Bonds not to be pledges of State. Turnpike revenue bonds issued under this chapter, including any notes or other evidences of indebtedness or obligations defined to be bonds under this chapter, shall not be deemed to be a debt of the State or a pledge of the faith and credit of the State, but these bonds shall be payable exclusively from the fund provided in this chapter for that purpose from tolls or other operating revenues. All these bonds shall contain a statement on their face that the State shall not be obligated to pay the same or the interest thereon and that the faith and credit of the State shall not be pledged to the payment of the principal of or interest or premium on such bonds. The issuance of bonds or refunding bonds under this chapter shall not directly or indirectly or contingently obligate the State to levy or to pledge any form of taxation whatever therefor or to make any appropriation for the payment thereof or the interest or premium thereon.

[PL 1981, c. 595, §3 (NEW).]

4. Semiannual report.

[PL 2015, c. 5, §6 (RP).]

5. Fair practices; affirmative action. The authority is subject to and shall comply with Title 5, chapter 65.

§1967. Property of the authority; eminent domain

The authority shall hold and acquire property as follows. [PL 1981, c. 595, §3 (NEW).]

1. Property of the authority. All property of the authority and all property held in the name of the State pursuant to the provisions of this chapter are exempt from levy and sale by virtue of any execution, and an execution or other judicial process is not a valid lien upon property of the authority held pursuant to the provisions of this chapter.

A. The authority may not lease, sell or otherwise convey, or allow to be used, any of its real or personal property or easements in that property, franchises, buildings or structures, with access to any part of the turnpike or its approaches, for commercial purposes, except for the following:

- (1) Intermodal transportation facilities, kiosks at rest areas, gasoline filling stations, service and repair stations, safety patrol vehicles sponsored or operated by 3rd parties, tourist-oriented retail facilities, state and tri-state lottery ticket agencies, automatic teller machines and restaurants that the authority determines are necessary to service the needs of the traveling public while using the turnpike. The leasehold interests in such intermodal transportation facilities, kiosks, gasoline filling stations, service and repair stations, tourist-oriented retail

facilities, state and tri-state lottery ticket agencies, automatic teller machines and restaurants are subject to taxation as provided in section 1971;

(2) Electrical power, telegraph, telephone, communications, water, sewer or pipeline facilities installed or erected by the authority, or permitted to be installed or erected by the authority; and

(3) Signs erected and maintained by the authority, or allowed by the authority to be erected and maintained, in accordance with rules adopted pursuant to section 1965, subsection 1, paragraph U, that contain names, symbols, trademarks, logos or other identifiers of specific commercial enterprises. [PL 2013, c. 549, §4 (NEW).]

As used in this subsection, "tourist-oriented retail facilities" means facilities that promote tourism in this State by selling products that are made or primarily made in this State or to which value is added in this State.

[PL 2013, c. 549, §4 (RPR).]

2. Use of eminent domain. Whenever a reasonable price cannot be agreed upon for the purchase or lease of real property found necessary for the purposes of the authority or whenever the owner is legally incapacitated or is absent or is unable to convey valid title or is unknown, the authority may acquire by eminent domain any such real property whether wholly or partly constructed or interest or interests therein and any land, rights, easements, franchises and other property deemed necessary or convenient for the construction or reconstruction or the efficient operation of the turnpike, its connecting tunnels, or bridges, overpasses, underpasses or interchanges, or both, in the manner provided by chapter 3, subchapter III. Title to any property taken by eminent domain shall be in the name of the authority.

[PL 1981, c. 595, §3 (NEW).]

3. Entry upon lands. The authority and its authorized agents and employees may enter upon any lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as it deems necessary or convenient for the purpose of this chapter and the entry shall not be deemed a trespass.

[PL 1981, c. 595, §3 (NEW).]

4. Authority for transfers of interest in land to the authority. All counties, cities, towns and other political subdivisions or municipalities and all public agencies and commissions of the State, and all public service corporations and districts, notwithstanding any contrary provisions of law, may lease, lend, grant or convey to the authority, upon its request, upon such terms and conditions as the proper authorities of the counties, cities, towns, political subdivisions, other municipalities, agencies, commissions, public service corporations and districts deem reasonable and fair and without the necessity for any advertisement, order of court or other action or formality other than the regular and formal action of the authorities concerned, any real or personal property or rights therein that may be necessary or convenient to the effectuation of the authorized purposes of the authority, including real and personal property or rights therein already devoted to public use. As used in this subsection, the term "public service corporation" includes every public utility as defined in Title 35-A, section 102, subsection 13, and every corporation referred to in Title 13-C.

[RR 2001, c. 2, Pt. B, §39 (COR); RR 2001, c. 2, Pt. B, §58 (AFF).]

5. Access. Notwithstanding subsection 1, the authority may permit the City of Saco, or its successors or assigns, to use the interchange in Saco formerly known as exit 5 of the turnpike and land located adjacent to this former interchange for access, utility lines and appurtenances, parking and related accessory rights for the benefit of any or any combination of the following facilities:

A. A liquor store or retail facility; [PL 1993, c. 612, §7 (NEW).]

B. A regional information center; [PL 1993, c. 612, §7 (NEW).]

The terms of locating a facility must be mutually agreed upon by the authority and the City of Saco, its successors or its assigns. Access to and from the turnpike by means of the interchange at former exit 5 is restricted to facilities permitted under this subsection.

1. Turnpike revenue bonds. In addition to bonds outstanding pursuant to any other provision of this chapter, the authority may provide by resolution from time to time for the issuance of turnpike revenue bonds, including notes or other evidences of indebtedness or obligations defined to be bonds under this chapter, but not exceeding \$600,000,000 in the principal amount at any one time outstanding exclusive of refundings, for any purpose described in section 1969, subsection 1.

Department of Transportation projects paid for with bonds in accordance with this subsection must be determined by the Department of Transportation and the authority to have sufficient relationship to the public's use of the turnpike in accordance with section 1974, subsection 6.

3. Bonds; negotiable; not debt of State. The bonds of the authority do not constitute a debt of the State or of any agency or political subdivision of the State and are payable solely from the operating revenues of the turnpike. Notwithstanding any provision of law, any bonds issued pursuant to this chapter are fully negotiable. If any of the members or officers of the authority whose signatures appear on the bonds or coupons cease to be members or officers before the delivery of the bonds, the signature is, nevertheless, valid and sufficient for all purposes as if the members or officers had remained in office until that delivery.

Whether or not the bonds are of such form and character as to be negotiable instruments under Title 11, Article 8, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of Title 11, Article 8, subject only to the provisions of the bonds for registration.

It is the intention of this chapter that any pledge made by the authority in respect to the bonds or notes is valid and binding from the time when the pledge is made; that the funds or property so pledged and thereafter received by the authority is immediately subject to the lien of that pledge without any physical delivery of those funds or property or further act; and that the lien of such a pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether those parties have notice of that lien. Neither the resolution, trust indenture nor any other instrument by which a pledge is created need be recorded.

The trust indenture or loan or other security agreement may pledge or assign tolls or revenues to be received but may not convey or mortgage the turnpike or any part thereof. Either the resolution providing for the issuance of the bonds or the trust indenture or loan or other security agreement may contain provisions for protecting and enforcing the rights and remedies of the bondholders or other lenders or of the trustee, if any, as may be reasonable and proper and not in violation of law, including: covenants setting forth the duties of the authority in relation to the acquisition of property; the construction, maintenance, operation, repair and insurance of the turnpike; the custody, safeguarding and application of all money; and any other provisions that the authority determines are necessary, convenient or desirable for the security of bondholders and other lenders or of the trustee, if any. Any such indenture or loan or other security agreement may restrict the individual right of action of bondholders or other lenders to the extent the authority determines is necessary, convenient or desirable. All expenses incurred in carrying out the trust indenture or loan or other

security agreement may be treated as a part of the cost of the maintenance, operation and repair of the turnpike.

[PL 1981, c. 595, §3 (NEW).]

2. Speed limit. The authority may by rule prescribe a maximum limitation on the speed of vehicles using the turnpike, but not exceeding 65 miles per hour or such maximum speed as is permitted on similar roads in the State, and so limit the speed at any point or place thereon, and may regulate the volume and weight of vehicles admitted to the turnpike.

[PL 1987, c. 257, §1 (AMD).]

3. Tolls. Tolls, or the fixing of tolls, is not rulemaking and is not subject to supervision or regulation by any state commission, board or agency. Subject to subsection 4, the authority may fix and revise from time to time tolls for the use of the turnpike and the different parts or sections of the turnpike, including, but not limited to, a connector, and charge and collect the tolls, and contract with any person, partnership, association or corporation desiring the use of any part of the turnpike, including the right-of-way adjoining the paved portion. The tolls must be so fixed and adjusted as to provide a fund at least sufficient with other revenues of the turnpike, if any, to pay for each fiscal year:

A. The cost of maintaining, repairing and operating the turnpike, and providing and maintaining reasonable reserves for those costs; [PL 1993, c. 698, §1 (AMD).]

B. The bonds and the interest on those bonds, and all sinking fund requirements, and other requirements provided by the resolution authorizing issuance of the bonds or by the trust indenture or loan or a security agreement as those bonds, interest, sinking fund requirements and other requirements become due; [PL 1993, c. 698, §1 (AMD).]

C. Those sums for the purpose of maintaining, constructing or reconstructing access roads or portions of access roads that have been requested by the department and in the sole discretion of the authority are from time to time determined to warrant the expenditure of turnpike revenues; and [PL 1993, c. 698, §1 (AMD).]

D. The cost of maintaining, constructing or reconstructing interchanges. [PL 1981, c. 595, §3 (NEW).]

The authority may use any method for assessing and collecting tolls, including but not limited to toll tickets, barrier toll facilities, billing accounts, commuter passes and electronic recording or identification devices. The display of a recording or identification device issued or authorized by the authority for these purposes on or near the windshield of a motor vehicle is not a violation of a law or rule, including but not limited to Title 29-A, sections 1916 and 2082, unless the device is attached in a way that obstructs the driver's clear view of the highway or an intersecting highway.

[PL 2017, c. 68, §5 (AMD).]

4. Rates. The rate of toll at each toll facility may be revised from time to time.

A. [PL 2011, c. 476, §4 (RP).]

A-1. The authority is prohibited from imposing variable surcharges based on the time of day. [PL 2011, c. 476, §4 (AMD).]

B. A reduction in the rates of fees, fares and tolls may be given to any class of vehicle based upon volume of use. [PL 2011, c. 476, §4 (AMD).]

[PL 2011, c. 476, §4 (AMD).]

5. Use by military. The turnpike may be used at any and all times by the Armed Forces of the United States, the State or any of their allies for defense purposes or preparations therefor free of all tolls and charges, and that use shall not constitute a taking of property without due process, provided

that any structural damage to the turnpike created by that free use, ordinary deterioration or depreciation excepted, shall be compensated for at cost of repair or replacement.

[PL 1981, c. 595, §3 (NEW).]

F. Repayment to the Federal Government for grants or loans that were used in connection with the construction or reconstruction of any portion of the turnpike or of any interconnecting access roads, but only to the extent that the repayment is required in order for the authority to maintain or establish tolls on the turnpike; and [PL 1993, c. 410, Pt. [PL 1993, c. 410, Pt. MM, §9 (AMD).]

2. Sinking fund for payment of bonds. - B. The principal of the bonds as that principal falls due; [PL 1981, c. 595, §3 (NEW).]
- C. The necessary fiscal agency charges for paying principal and interest; and [PL 1981, c. 595, §3 (NEW).]
- D. Any premiums upon bonds retired by call or purchase as provided in this subsection. [PL 1981, c. 595, §3 (NEW).]

The use and disposition of the sinking fund shall be subject to such rules as may be provided in the resolution authorizing the issuance of bonds or in the related trust indenture or loan or other security agreement, but, except as may otherwise be provided in that resolution or trust indenture or loan or other security agreement, the sinking fund shall be a fund for the benefit of all bonds issued under this subsection without distinction or priority of one over another. Subject to the provisions of the resolution authorizing the issuance of bonds or of the trust indenture or loan or other security agreement, any moneys in the sinking fund in excess of an amount equal to one year's interest on all bonds then outstanding may be applied to the purchase or redemption of bonds. All bonds so purchased or redeemed shall immediately be canceled and shall not again be issued. [PL 1981, c. 595, §3 (NEW).]

3. Revenues for additional interchanges.

[PL 2015, c. 5, §8 (RP).]

[PL 1981, c. 595, §3 (NEW).]

B. The Chief of the State Police shall submit monthly statements of costs incurred in connection with the turnpike, and the authority shall pay the amount of those costs to the Treasurer of State within 20 days of receipt of the monthly statement. The Treasurer of State shall credit those payments proportionately to the Highway Fund and the General Fund. [PL 1981, c. 595, §3 (NEW).]

C. Prior to December 1st of each year, the Chief of the State Police shall file a report with the authority containing the following information with respect to the level of State Police services required in the following fiscal year to adequately enforce the rules of the authority and to adequately provide for the safety of the public traveling on the turnpike:

The Department of Transportation shall provide the authority with a list of proposed department projects and any other information requested by the authority and relating to a project on the list. The Department of Transportation and the authority shall determine department projects that are eligible for funding with proceeds from bonds authorized by section 1968, subsection 2-A. In making this determination, the department and the authority may consider the following factors:

§1980. Penalties

Regulatory rules and laws shall be observed as follows. [PL 1981, c. 595, §3 (NEW).]

1. Traffic infraction. Except as provided in subsection 1-A, a violation of published rules relating to the turnpike or its use or services is a traffic infraction and is punishable by a fine of not more than \$500.

[PL 2003, c. 452, Pt. L, §4 (AMD); PL 2003, c. 452, Pt. X, §2 (AFF).]

1-A. Criminal violations. The following violations of published rules relating to the turnpike or its use or services are crimes.

A. A person who operates a motor vehicle at a speed that exceeds, by 30 miles per hour or more, the speed fixed by the authority commits a Class E crime. [PL 2003, c. 452, Pt. L, §5 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

B. A person who fails or neglects to pay tolls, fares or charges for use of the turnpike commits a Class E crime. [PL 2003, c. 452, Pt. L, §5 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

These crimes are strict liability crimes as defined in Title 17-A, section 34, subsection 4-A.

[PL 2003, c. 452, Pt. L, §5 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

2. Criminal acts and civil violations. The Revised Statutes, and amendments thereto, and the decisions of the courts of the State, shall apply to criminal acts and civil violations committed on the turnpike.

[PL 1981, c. 595, §3 (NEW).]

2-A. Toll violations. In addition to potential criminal liability under subsection 1-A, the registered owner of a vehicle may be liable for civil penalties for failure to pay a toll as set out in this subsection.

A. If an operator of a vehicle fails to pay a toll, the registered owner of that vehicle is liable for payment of the toll and is subject to a civil penalty of:

- (1) Fifty dollars, except as provided in subparagraph (2) or (3);
- (2) One hundred dollars, if a failure to pay a toll occurs within 18 months of a prior failure to pay; or
- (3) One hundred fifty dollars, if a failure to pay a toll occurs within 18 months of 2 or more prior failures to pay. [PL 2003, c. 591, §2 (RPR).]

B. As used in this subsection, unless the context otherwise indicates, the following terms have the following meanings.

- (1) "Administrative fee" means the fee imposed pursuant to paragraph C, subparagraph (4).
- (2) "Electronic toll collection system" means a system of collecting tolls or other charges that is capable of charging an account holder the appropriate amount by transmission of information between a device on a motor vehicle and a toll collection facility.
- (3) "Pay" means paying a toll by cash, by permitting a charge against a valid account with the authority or by any other means of payment approved by the authority at the time.
- (4) "Photo-monitoring system" means a motor vehicle sensor installed to work in conjunction with a toll collection facility that automatically produces a photograph, microphotograph, videotape or other recorded image of a motor vehicle when the operator of the motor vehicle fails to pay a toll.
- (5) "Registered owner" means a person in whose name a motor vehicle is registered under the law of a jurisdiction, including a person issued a dealer or transporter registration plate.
- (6) "Toll" or "tolls" means tolls or other charges prescribed by the authority for use of the turnpike or for other services provided to a turnpike patron under section 1965, subsection 1, paragraph V.
- (7) "Violation clerk" means an employee of the authority designated by the authority to enforce violations and adjudicate appeals relating to those violations under this subsection. [PL 2003, c. 591, §2 (RPR).]

C. The following procedures must be followed for the collection of tolls, administrative fees and civil penalties under this subsection.

- (1) The authority shall send a notice of liability by first class mail to a person alleged to be liable as a registered owner under this subsection. The notice must be sent to the address of the registered owner on record with the authority if the registered owner is an electronic toll collection patron of the authority or, if no such record exists, the address of the registered owner on record with the Secretary of State. If no address is on record with the authority or the Secretary of State, the notice may be sent to an address for the registered owner obtained by the authority through other reasonable means, including but not limited to through databases compiled by law enforcement or other government agencies. A written statement by the

authority that the notice of liability has been mailed is prima facie evidence of the mailing of the notice.

(2) A notice of liability must include the amount of the unpaid toll, the registration number of the vehicle involved, the toll collection facility at which the failure to pay occurred and the date and the approximate time of the failure. The notice must also include the name, address and telephone number of the violation clerk responsible for enforcing the penalty for the failure to pay.

(3) A notice of liability must state how the alleged liability may be contested and must identify the statutory defenses described in paragraph E. The notice must also include a warning that failure to contest in the manner and time provided is an admission of liability and a waiver of defenses and that failure to pay or respond may result in revocation of the registration certificate and plates issued for a motor vehicle registered in the State or suspension of the right to operate the motor vehicle in this State if it is registered in another jurisdiction.

(4) Within 30 calendar days after the date of issuance of the notice of liability, the registered owner shall:

(a) Pay the amount of the toll for which the person is liable, the civil penalty or penalties provided for in paragraph A and an administrative fee of \$20 for each unpaid toll for which the person is liable;

(b) Send a written dispute by mail to the violation clerk named in the notice, as provided by paragraph I; or

(c) Request a hearing with the violation clerk named in the notice as provided by paragraph J. [PL 2015, c. 159, §1 (AMD).]

D. Except as provided in paragraph E, it is not a defense to liability under this subsection that a registered owner was not operating the motor vehicle at the time of the failure to pay. [PL 2003, c. 591, §2 (RPR).]

E. Defenses to liability under this subsection are as set out in this paragraph.

(1) If a person other than the registered owner of the motor vehicle is adjudicated criminally or civilly responsible for the failure to pay a toll, then the registered owner is not liable under this subsection.

(2) If the registered owner of the motor vehicle is the lessor of motor vehicles and at the time of the failure to pay an authority toll the motor vehicle was in the possession of a lessee and the lessor provides the authority with a copy of the lease agreement containing the information required by Title 29-A, section 254, then the lessee, and not the lessor, is liable under this subsection.

(3) If the motor vehicle is operated using a dealer or transporter registration plate and at the time of the failure to pay the motor vehicle was under the custody or control of a person other than the dealer or transporter, and if the dealer or transporter provides the authority with the name and address of the person who had custody or control over the motor vehicle at the time of the failure to pay, then that person and not the dealer or transporter is liable under this subsection.

(4) If a report that the motor vehicle was stolen is given to a law enforcement officer or agency before the failure to pay occurs or within a reasonable time after the registered owner becomes aware of the theft, then the registered owner is not liable under this subsection. [PL 2003, c. 591, §2 (RPR).]

F. Nothing in this subsection may be construed to limit the liability of an operator of a motor vehicle for a failure to pay an authority toll. If a person who is liable for a failure to pay under this

subsection was not the operator of the motor vehicle at the time of the failure to pay, that person may maintain an action for indemnification against the operator to recover all tolls, administrative fees and civil penalties paid by that person under this subsection. [PL 2003, c. 591, §2 (RPR).]

G. The authority shall notify the Secretary of State, who shall, in accordance with Title 29-A, section 154, subsection 6, suspend the registration certificate and plates issued for the vehicle involved in the alleged failure to pay if that vehicle is registered in this State or, if that vehicle is registered in another jurisdiction, suspend the right to operate the motor vehicle in accordance with Title 29-A, section 2461 if a registered owner:

- (1) Does not dispute a notice of liability or pay the tolls, administrative fees and civil penalties as required by paragraph C, subparagraph (4);
- (2) Does not pay the required tolls, administrative fees and civil penalties within 30 days of a final determination of liability as provided in paragraphs I and J; or
- (4) Does not pay the required tolls, administrative fees or civil penalties within 30 days of a final determination of liability by an away agency with whom the authority has a reciprocal collection arrangement under subsection 2-C.

When notifying the Secretary of State under this paragraph, the authority shall send a notice by first class mail informing the registered owner of the pending suspension. [PL 2015, c. 159, §2 (AMD).]

H. [PL 2011, c. 476, §7 (RP).]

I. The registered owner may, without waiving the right to a hearing before a violation clerk as provided by paragraph J and also without waiving the right to judicial review as provided by Title 5, chapter 375, subchapter 7, appeal a notice of liability as provided by paragraph C, subparagraph (4) and receive a review and disposition of the violation from a violation clerk by mail. The appeal by mail must contain a signed statement from the registered owner explaining the basis for the appeal. The signed statement may be accompanied by signed statements from witnesses, police officers, government officials or other relevant parties or photographs, diagrams, maps or other relevant documents that the registered owner determines appropriate to submit. Statements or materials sent to a violation clerk for review must have attached to them the name and address of the registered owner as well as the number of the notice of liability and the date of the violation. All information submitted by the registered owner becomes part of the violation record. The violation clerk shall, within 60 days of receipt of such material, review the material and dismiss or uphold the violation and notify the registered owner of the disposition of the hearing in writing by mail. If the appeal by mail is denied, the violation clerk shall explain the reasons for the determination. The review and disposition handled by mail is informal, the rules of evidence do not apply and the decision is final, subject to the hearing provisions of paragraph J. [PL 2003, c. 591, §2 (NEW).]

J. As provided by paragraph C, subparagraph (4) or within 30 days of the issuance of a decision by a violation clerk under paragraph I, a registered owner may make a written request for an appeal hearing before a violation clerk designated by the authority. The violation clerk shall then notify the registered owner in writing by certified mail, return receipt requested of the date, time and place of the hearing. The hearing is informal, the rules of evidence do not apply and the decision of the violation clerk is final. The violation clerk shall notify the parties in person or by mail of the decision following the hearing. Each written appeal decision must contain a statement of reasons for the decision including a determination of each issue of fact necessary to the decision. Failure to appear at the date, time and place specified on the hearing notice automatically results in the denial of the appeal. [PL 2003, c. 591, §2 (NEW).]

K. Any decision by a violation clerk under this section is subject to judicial review of final agency action in the manner provided by Title 5, chapter 375, subchapter 7. If a registered owner files an appeal pursuant to this subsection, the authority may not notify the Secretary of State to suspend the registration certificate and plate issued for the vehicle involved in the alleged failure to pay until the appeal is resolved. [PL 2003, c. 591, §2 (NEW).]

[PL 2015, c. 159, §§1, 2 (AMD).]

2-B. Admissibility of photo-monitoring evidence. A photograph, microphotograph, videotape or other recorded image produced by a photo-monitoring device is admissible in a proceeding to collect a toll or other charge of the authority, to collect civil penalties imposed under subsection 2-A or to impose civil or criminal liability for a failure to pay the toll or charge.

A. An original or facsimile of a certificate, sworn to or affirmed by an agent of the authority that states that a failure to pay has occurred and states that it is based upon a personal inspection of a photograph, microphotograph, videotape or other recorded image produced by a photo-monitoring system, as defined in subsection 2-A, is prima facie evidence of the facts contained in the certificate. [PL 1993, c. 698, §2 (NEW).]

B. A photograph, micro-photograph, videotape or other recorded image prepared for enforcement of authority tolls is for the exclusive use of the authority in the discharge of its duties under this section. This material is confidential and is not available to the public or to any person employed by the authority whose duties do not require access to the material. The authority shall make this information available to a law enforcement officer upon request and may share this information with other toll administrative agencies as provided in section 1982. Except as provided in this subsection or as may be necessary to prove a claim for indemnification under subsection 2-A, paragraph F or to prosecute a criminal offense, this material may not be used in a court in an action or proceeding. [PL 2011, c. 302, §18 (AMD).]

C. A photograph, microphotograph, videotape or recorded image obtained from a photo-monitoring system as defined in subsection 2-A may not be used by the authority for the purposes of collection of a toll or other charge if the photograph, microphotograph, videotape or recorded image shows the face of a passenger or driver of a motor vehicle. [PL 2003, c. 591, §3 (NEW).]

This subsection takes effect July 1, 1995.

[PL 2011, c. 302, §18 (AMD).]

2-C. Reciprocity with away agencies. The authority may enter into reciprocal collection arrangements with away agencies in accordance with this subsection. When an away agency certifies with supporting evidence that the operator of a motor vehicle registered in this State has failed to pay a toll, the authority may collect the civil penalties and tolls properly imposed by the away agency as though those penalties and tolls were imposed by the authority if:

A. The away agency has its own effective reciprocal procedures for collecting penalties and tolls imposed by the authority and does, in fact, reciprocate in collecting penalties and tolls of the authority by employing sanctions that include denial of a person's right to register or reregister a motor vehicle; [PL 2011, c. 302, §19 (NEW).]

B. The penalties, exclusive of tolls, claimed by the away agency against an owner of a motor vehicle registered in this State do not exceed \$100 for a first violation or \$600 for all pending violations; [PL 2011, c. 420, Pt. H, §1 (AMD); PL 2011, c. 420, Pt. H, §2 (AFF).]

C. The away agency provides due process and appeal protections to avoid the likelihood that a false, mistaken or unjustified claim will be pursued against an owner; [PL 2011, c. 302, §19 (NEW).]

D. An owner of a motor vehicle registered in this State may present evidence to the away agency or to the authority by mail, telephone, electronic means or other means to invoke rights of due

process without having to appear personally in the jurisdiction where the violation occurred; and [PL 2011, c. 420, Pt. H, §1 (AMD); PL 2011, c. 420, Pt. H, §2 (AFF).]

E. The reciprocal collection arrangement between the authority and the away agency provides that each party may charge the other a fee sufficient to cover the costs of collection services, including costs incurred by an agency that registers motor vehicles. [PL 2011, c. 302, §19 (NEW).] [PL 2011, c. 302, §19 (NEW); PL 2011, c. 420, Pt. H, §1 (AMD); PL 2011, c. 420, Pt. H, §2 (AFF).]

3. Rules. This section shall not affect the power of the authority to make rules governing use of the turnpike, or the power to prescribe limitations on the speed, volume and weight of vehicles using the turnpike, as granted to the authority by this chapter. [PL 1981, c. 595, §3 (NEW).]

4. Other collection procedures. Nothing in this section prevents the authority from collecting payment for use of the turnpike or any other service in connection with the turnpike by action at law or in equity. [PL 2003, c. 452, Pt. L, §6 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

§1982. Confidentiality of authority records

A log or record identifying the name, address or travel patterns of a patron of the turnpike, whether prepared for enforcement of authority tolls or other purposes of the authority, is for the exclusive use of the authority in the discharge of its duties under this chapter. This material is confidential and is not available to the public except that a law enforcement officer or a representative of an insurance company making a request for specific records in the course of conducting the officer's or representative's business may have access to this material to the extent and in the manner access to such material is afforded under Title 1, chapter 13, subchapter I. The authority may release accident and other incident reports to affected parties and may release information specific to a commuter pass account or commercial billing account to the holder of that account.
