SECTION HISTORY

§7311. Investigation and reports of accidents

1. Investigation. The Commissioner of Transportation shall investigate all accidents resulting in loss of human life, or personal injury requiring 3 full days of hospitalization, occurring upon the premises of any railroad company or directly or indirectly arising from or connected with its maintenance or operation. Any accident so occurring and which results in property damage or personal injury that requires less than 3 full days of hospitalization also may be investigated if, in the judgment of the commissioner, the public interest requires it. The commissioner may hold hearings in connection with any investigation and shall reasonably notify the railroad company of the time and place of the hearing, and the railroad company may then be heard and the commissioner shall have the power to make such order or recommendation with respect thereto as deemed just and reasonable.

[PL 1989, c. 398, §9 (NEW).]

2. Reports of accidents. Every railroad company is required to file with the Commissioner of Transportation, under such rules as the commissioner may prescribe, reports of accidents so occurring, in the manner and form designated by the commissioner. In case of accidents resulting in loss of human life, such reports shall be made immediately by telephone or telegraph, followed by a detailed written report.

[PL 1989, c. 398, §9 (NEW).]

2-A. State, county, municipal notice. 2-B. Public notice. In the event of a main line train derailment involving hazardous materials, the Maine Emergency Management Agency shall, if requested by a municipal or county fire chief serving as incident commander, issue an alert through an emergency alert system or wireless emergency alert system for the area identified by the incident commander.

[PL 2023, c. 618, §5 (NEW).]

2-C. Failure to issue notice. If a railroad company fails to provide timely notice as required under subsection 2-A, the Commissioner of Transportation may assess a fine up to \$25,000 per failed notice per day in the event of a main line train derailment involving hazardous materials.

3. Disposition of reports. The orders and recommendations of the Department of Transportation, and accident reports and all other materials in the department's file pertaining to such railroad company accidents, shall be made available, upon request, to the railroad company, the injured person or their representatives.

4. Reports inadmissible as evidence. Additional training must be offered to each fire department and each local organization for emergency management at least once every 3 years after the initial training provided for under this subsection.

[PL 2023, c. 618, §8 (NEW).]

The commissioner's review and analysis must be undertaken under an agreement with an entity having relevant knowledge and experience that is fully independent of the railroad carrier's companies.

[PL 2023, c. 618, §9 (NEW).]

2. Evaluation requirements. The Commissioner of Transportation's review and analysis process must include an after-action review and must evaluate, at a minimum, processes occurring during the accident for emergency assessment, hazard operations, population protection and accident management. Financial assistance from the State is defined as grants, loans, subsidies, tax exemptions, cost reimbursement for maintenance of railroad crossings or payments from other sources. B. The effect of the rail service on the health, safety and general welfare of the people of the State; and [PL 1989, c. 398, §9 (NEW).]

C. For any entity which already provides railroad transportation for compensation within the State, the record of that railroad in investing within the State, maintaining track and rights-of-way within the State, use of funds from previous financial assistance from the State and the safety, reliability and efficiency of the service actually provided by that railroad within the State. [PL 1989, c. 398, §9 (NEW).]

[PL 1989, c. 398, §9 (NEW).]

B. The department may hold a public hearing on the application and shall hold a hearing when a request for a hearing shows a substantial likelihood that the application may be denied or granted with qualifications under the criteria of subsection 2 and the hearing is requested by:

- (1) A shipper or shippers whose traffic on the railroad line totaled 500 tons in the year preceding the application;
- (2) Any municipality having a siding, terminal, station or agency station of the railroad line within its bounds; or

The hearing shall be subject to the rules of the department. [PL 1989, c. 398, §9 (NEW).]
[PL 1989, c. 398, §9 (NEW).]

- C. Deny the application. [PL 1989, c. 398, §9 (NEW).]

Approval shall be valid for a year. In the case of denial, reapplication shall be in accordance with the rules of the department. Approval may be revoked in case of noncompliance with any conditions.
[PL 1989, c. 398, §9 (NEW).]
