2. Contract with administrator. The administrator selected pursuant to subsection 1 serves for a period of 3 years pursuant to a contract with the association. §3957. Assessments against insurers

1. Assessments. For the purpose of providing the funds necessary to carry out the powers and duties of the association under section 3955, the board shall assess insurers at such a time and for such amounts as the board finds necessary. Assessments are due not less than 30 days after written notice to the insurers and accrue interest at 12% per annum on and after the due date.

[PL 2011, c. 90, Pt. B, §8 (NEW).]

2. Maximum assessment. The board shall assess each insurer an amount not to exceed \$4 per month per covered person enrolled in medical insurance insured, reinsured or administered by the insurer. An insurer may not be assessed on policies or contracts insuring federal or state employees except for policies or contracts insuring Legislators and their dependents. For policies or contracts insuring Legislators and their dependents, Legislators shall pay the amount of the assessment to the insurer.

[PL 2011, c. 452, §1 (AMD).]

3. Determination of assessment. The board shall make reasonable efforts to ensure that each covered person is counted only once with respect to an assessment. For that purpose, the board shall require each insurer that obtains excess or stop loss insurance to include in its count of covered persons all persons whose coverage is insured, in whole or in part, through excess or stop loss coverage. The board shall allow a reinsurer to exclude from its number of covered persons those who have been counted by the primary insurer or by the primary reinsurer or primary excess or stop loss insurer for the purpose of determining its assessment under this subsection. The board may verify the amount of each insurer's assessment based on annual statements and other reports determined to be necessary by the board. The board may use any reasonable method of estimating the number of covered persons of an insurer if the specific number is not reported.

[PL 2011, c. 90, Pt. B, §8 (NEW).]

4. Organizational assessments. The board may assess insurers for the purpose of organizing the association. Organizational assessments must be equal in amount for all insurers but may not exceed \$500 per insurer for all such assessments.

[PL 2011, c. 90, Pt. B, §8 (NEW).]

5. Assessments to cover net losses. In addition to the assessment described in subsections 1 to 3, the board shall assess insurers at such a time and for such amounts as the board finds necessary to cover any net loss in an amount not to exceed \$2 per month per covered person enrolled in medical insurance insured, reinsured or administered by the insurer in accordance with this subsection.

A. Before April 1st of each year, the association shall determine and report to the superintendent the association's net losses for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses and an estimate of the assessments needed to cover the losses incurred by the association in the previous calendar year. [PL 2011, c. 90, Pt. B, §8 (NEW).]

B. [PL 2011, c. 621, §3 (RP).]

C. The association shall impose a penalty of interest on insurers for late payment of assessments. [PL 2011, c. 90, Pt. B, §8 (NEW).]

D. An insurer may not be assessed on policies or contracts insuring federal or state employees, except for policies or contracts insuring Legislators and their dependents. Any assessment required under this subsection on policies or contracts insuring Legislators and their dependents must be paid as provided in subsection 2. [PL 2011, c. 452, §2 (NEW).]

[PL 2011, c. 621, §3 (AMD).]

6. Deferral of assessment. An insurer may apply to the superintendent for a deferral of all or part of an assessment imposed by the association under this section. The superintendent may defer all or part of the assessment if the superintendent determines that the payment of the assessment would place the insurer in a financially impaired condition. If all or part of the assessment is deferred, the amount deferred must be assessed against other insurers in a proportionate manner consistent with this section. The insurer that receives a deferral remains liable to the association for the amount deferred and is prohibited from reinsuring any person through the association until such time as the insurer pays the assessments.

[PL 2011, c. 90, Pt. B, §8 (NEW).]

7. Excess funds. If assessments and other receipts by the association, board or administrator selected pursuant to section 3956 exceed the actual losses and administrative expenses of the association, the board shall hold the excess at interest and shall use those excess funds to offset future losses or to make adjustments to a reinsurance program operated pursuant to section 3953. As used in this subsection, "future losses" includes reserves for claims incurred but not reported.

[PL 2021, c. 361, §4 (AMD).]

8. Failure to pay assessment. The superintendent may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this State of any member insurer that fails to pay an assessment. As an alternative, the superintendent may levy a penalty on any insurer that fails to pay an assessment when due. In addition, the superintendent may use any power granted to the superintendent by this Title to collect any unpaid assessment.

[PL 2011, c. 90, Pt. B, §8 (NEW).]

9. Federal funding; reduction of assessment.

§3958. Reinsurance; premium rates

1. Reinsurance amount. A member insurer offering an individual health plan under section 2736-C must be reinsured by the association to the level of coverage provided in this subsection and is liable to the association for any applicable reinsurance premium at the rate established in accordance with subsection 2. For calendar year 2023 and subsequent calendar years, the association shall also reinsure member insurers for small group health plans issued under section 2808-B, unless otherwise provided in rules adopted by the superintendent pursuant to section 2792, subsection 5.

A. Beginning July 1, 2012, except as otherwise provided in paragraph A-1, the association shall reimburse a member insurer for claims incurred with respect to a person designated for reinsurance by the member insurer pursuant to section 3959 after the insurer has incurred an initial level of claims for that person of \$7,500 for covered benefits in a calendar year. In addition, the insurer is responsible for 10% of the next \$25,000 of claims paid during a calendar year. The amount of reimbursement is 90% of the amount incurred between \$7,500 and \$32,500 and 100% of the amount incurred in excess of \$32,500 for claims incurred in that calendar year with respect to that person. For calendar year 2012, only claims incurred on or after July 1st are considered in determining the member insurer's reimbursement. With the approval of the superintendent, the association may annually adjust the initial level of claims and the maximum limit to be retained by the insurer to reflect changes in costs, utilization, available funding and any other factors affecting the sustainable operation of the association. [PL 2019, c. 653, Pt. B, §18 (AMD).]

A-1. In any plan year in which a pooled market is operating in accordance with section 2792, the association shall operate a retrospective reinsurance program providing coverage to member insurers for all individual and small group health plans issued in this State in that plan year. For plan years beginning in 2022, if the pooled market has not been implemented pursuant to section 2792, subsection 5, the association may operate a retrospective reinsurance program for individual health plans, subject to the approval of the superintendent.

(1) The association shall reimburse member insurers based on the total eligible claims paid during a calendar year for a single individual in excess of the attachment point specified by the board. The board may establish multiple layers of coverage with different attachment points and different percentages of claims payments to be reimbursed by the association.

(2) Eligible claims by all individuals enrolled in individual or small group health plans in this State may not be disqualified for reimbursement on the basis of health conditions, predesignation by the member insurer or any other differentiating factor.

(3) The board shall annually review the attachment points and coinsurance percentages and make any adjustments that are necessary to ensure that the retrospective reinsurance program operates on an actuarially sound basis.

(4) The board shall ensure that any surplus in the retrospective reinsurance program at the conclusion of a plan year is used to lower attachment points, increase coinsurance rates or both for that plan year, consistent with its responsibility to ensure that the program operates on an actuarially sound basis. [PL 2019, c. 653, Pt. B, §18 (NEW).]

B. A member insurer shall apply all managed care, utilization review, case management, preferred provider arrangements, claims processing and other methods of operation without regard to whether claims paid for coverage are reinsured under this subsection. A member insurer shall report for each plan year the name of each high-priced item or service for which its payment exceeded the amount allowed for eligible claims and the name of the provider that received this payment. The association shall annually compile and publish a list of all reported names. [PL 2019, c. 653, Pt. B, §18 (AMD).]

[PL 2021, c. 361, §5 (AMD).]

2. Premium rates. The association, as part of the plan of operation under section 3953, subsection 3, shall establish a methodology for determining premium rates to be charged member insurers to reinsure persons eligible for coverage under this chapter. The methodology must include a system for classification of persons eligible for coverage that reflects the types of case characteristics used by insurers for individual health plans pursuant to section 2736-C, together with any additional rating factors the association determines to be appropriate. The methodology must provide for the development of base reinsurance premium rates, subject to approval of the superintendent, set at levels that, together with other funds available to the association, will be sufficient to meet the anticipated costs of the association. The association shall periodically review the methodology established under this subsection and may make changes to the methodology as needed with the approval of the superintendent. The association may consider adjustments to the premium rates charged for reinsurance to reflect the use of effective cost containment and managed care arrangements by an insurer. This subsection does not apply to reinsurance with respect to any calendar year for which the association operates a retrospective reinsurance program under subsection 1, paragraph A-1. With the approval of the superintendent, the association's plan of operation for a retrospective reinsurance program may include a provision for charging premium on an equitable basis to all member insurers.

A. By using the person's claims history or risk scores or any other reasonable means; [PL 2019, c. 653, Pt. B, §19 (AMD).]
