FIRST REGULAR SESSION
JOURNAL OF THE SENATE**

In Senate Room at the Augusta Civic Center
Thursday
March 11, 2021

Senate called to order by President Troy D. Jackson of Aroostook County.

Prayer by the Honorable Marcia Homstead of Lewiston.

MS. HOMSTEAD: Good morning. Heavenly Father, there have been times in this past year of uncertainty, where many of us have found it difficult to be thankful for Your abundant blessings. Lord, we ask that You open our eyes to see and be thankful for the gifts that You bestowed upon us and to open our hearts so that we each may use those gifts to help those less fortunate. Your word tells us to clothe ourselves with compassion, kindness, humility, gentleness, and patience. We pray that You would give us the courage to live each day sharing Your word through our actions, seeking You first in all we do. We pray all this in the name of Your son, Jesus Christ. Amen.

Pledge of Allegiance led by Senator Donna Bailey of York County.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Hickman.

Senator **HICKMAN:** Thank you, Mr. President. Mr. President, women and men of the Senate, five and a half years ago I went to our nation's capital to receive the Angels in Adoption Award for which I was nominated by Senator Angus King. There I met civil rights icon John Lewis on the steps of the U.S. Capitol. He shook my hand, we talked, and then he grabbed my elbow. When a Black man, an elder, grabs your elbow he is telling you that he entrusts you to carry forward the work, his work, the struggle for voting rights and racial justice. In that moment he bestowed upon me a blessing and implored me to keep up the good fight and cause some good trouble. I stand on his shoulders. I suppose then that it is serendipitous that this Resolution would be before this robust Body today, just one day after I was sworn into the Maine Senate to become the first Black man elected to both Bodies of the Maine Legislature. The legacy of John Lewis lingers on and so, in his memory, I leave you with his last will and testament, if you will, to all of us, a testament he wrote just a few days before he fell on July 17th. These are his words: 'While my time here has now come to an end, I want you to know that in the last days and hours of my life you inspired me. You fill me with hope about the next chapter of the great American story when

you used your power to make a difference in our society. Millions of people, motivated simply by human compassion, lay down the burdens of division. Around this country and the world, you set aside race, class, age, language, and nationality to demand respect for human dignity. That is why I had to visit Black Lives Matter Plaza in Washington, though I was admitted to the hospital the following day. I just had to see and feel it for myself, that after many years of silent witness, the truth is still marching on. Emmett Till was my George Floyd. He was my Rayshart Brooks, Sandra Bland, and Breonna Taylor. He was 14 when he was killed and I was only 15 years old at that time. I will never, ever forget the moment when it became so clear that he easily could have been me. In those days, fear constrained us like an imaginary prison and troubling thoughts of potential brutality committed for no understandable reason were the bars. Though I was surrounded by two loving parents, plenty of brothers, sisters, and cousins, their love could not protect me from the unholy oppression waiting just outside that family circle. Unchecked, unrestrained violence and government sanctioned terror had the power to turn a simple stroll to the store for some Skittles or an innocent morning job down a lonesome country road into a nightmare. If we are to survive as one unified nation, we must discover what so readily takes root in our hearts that could rob a Mother Emmanuel Church in South Carolina of her brightest and best, shoot unwitting concert-goers in Las Vegas, and choke to death the hopes and dreams of a gifted violinist like Elijah McClean.'

Like so many young people today, Mr. President, I was searching for a way out, or some might say a way in, and then I heard the voice of Dr. Martin Luther King Jr. on an old radio. He was talking about the philosophy and discipline of non-violence. He said, 'We are all complicit when we tolerate injustice.' He said, 'It is not enough to say it will get better by and by.' He said, 'Each of us has a moral obligation to stand up, speak up, and speak out. When you see something that is not right, you must say something. You must do something. Democracy is not a state, it is an act and each generation must do its part to help build what we called the Beloved Community, a nation and world society at peace with itself. Ordinary people with extraordinary vision can redeem the soul of America by getting in what I call good trouble, necessary trouble. Voting and participating in the democratic process are key. The vote is the most powerful, non-violent, change agent you have in a democratic society. You must use it because it is not guaranteed. You can lose it. You must also study and learn the lessons of history because humanity has been involved in the soul-wrenching, existential struggle for a very long time. People on every continent have stood in your shoes through decades and centuries before you. The truth does not change and that is why the answers worked out long ago can help you find solutions to the challenges of our time. Continue to build union between movements stretching across the globe because we must put away our willingness to profit from the exploitation of others. Though I may not be here with you, I urge you to answer the highest calling of your heart and stand up for what you truly believe. In my life, I have done all I can to demonstrate that the way of peace, the way of love, and non-violence is the more excellent way. Now it is your turn to let freedom ring. When historians pick up their pens to write the story of the 21st Century, let them say that it was your generation who laid down the heavy burdens of hate at last and that peace finally triumphed over violence, aggression, and war. So I say to you, walk with the wind, Brothers and Sisters, and let the spirit of

peace and power and everlasting love be your guide.' Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Rafferty.

Senator **RAFFERTY:** Thank you, Mr. President. I rise today in support of the pending motion to pass L.D. 61, An Act to Include Grandparents Under Maine's Family Medical Leave Laws. Two weeks ago this was a law just sitting on my desk, like many others, and I was not the sponsor. It wasn't as relevant as it is today due to the fact that a week ago I became a grandparent for the first time. My new granddaughter is named Evelyn Grace. I think about my role as a grandfather. I know I would want to have the opportunity to step in and care for my grandchild if she was stricken with a serious health condition. I support L.D. 61 because it lets families take care of family. How to care for a child facing a serious medical situation is a difficult decision for anyone to make. What a predicament it would be for any family in Maine if a grandparent could not take time off for a seriously ill grandchild. As a grandparent, I would want to have that opportunity to be with my grandchild. The bill is simple. The Maine Family Medical Leave Act already allows an employee who meets all the other eligibility criteria to take time off to care for a seriously ill child. L.D. 61 adds grandchild to the Act. It only applies to a serious health condition of the grandchild, an illness or injured that requires a hospital stay or ongoing medical treatment. It is limited to medical only. It does not give

grandparents time off to provide daycare while parents work. When a grandchild has a serious medical condition we'd all want to take that pain ourselves, to trade places with a grandchild. I imagine anyone in that role would say 'I wish it was me instead.' I know I would be on my knees asking to take that child's place. We can't take the place of a grandchild's illness but L.D. 61 will let grandparents care for a grandchild in the most difficult of family situations. It lets families take care of family. Please vote in favor of the pending Ought to Pass motion on L.D. 61. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Guerin.

Senator **GUERIN:** Thank you, Mr. President. Ladies and gentlemen of the Senate, grandparent's family medical leave bill is a heart wrenching bill for many of us. All of us have heard from grandparents who care for their grandchildren. I was a co-sponsor of this bill because at first blush it sounded like a good idea. As a grandmother of four, I would want the opportunity to care for my serious ill grandchildren if I was needed. Sadly, this bill is not crafted in a functionally and forceful way. The ambiguous language of a child 'residing' with the grandparents is a verification nightmare. If the grandparent does not have legal custody, how can an employer verify the leave request is valid? Grandparents who have legal custody are already covered by family medical leave. Maine's small businesses have no way to verify the more vague status of 'resides'. For these reasons, I urge you to vote against the pending motion. Thank you.

On motion by Senator **POULIOT** of Kennebec, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

Off Record Remarks

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT:** Thank you, Mr. President. Friends and colleagues of the Senate, on March 15th of 2020, just four days shy of a full year ago, Governor Mills proclaimed a State of Emergency. Since then she's extended the Emergency eleven times. This, in turn, has meant effectively surrendering many legislative powers to the Executive Branch. This Joint Resolution before you at long last will end the State of Emergency. But more important, this is not about ending as much as it is about a beginning. This is about restoring the functioning of our democracy and I believe it is absolutely critical that we do so. Our country has seen dark days in our history and we've seen some over the past months here in Maine and across the nation with the COVID pandemic. For sensible reasons, in the early days of the pandemic we relied on robust Executive leadership, as we often must do during an emergency. But a central tenet of our fragile democracy is separation of powers. The Legislature has a unique role in being the ears, the eyes, and the voice of the people, as I think we all will agree there's been pernicious degradations of our democratic traditions over these past months and, indeed, over these past few years. The continued violation of our doctrine of separation of powers compounds this. As James Madison wrote in Federalists 51, separation of powers is admitted on all hands to be essential to the preservation of liberty. We've experienced national emergencies in the past and we've persevered in keeping our democracy functioning. In World War II President Franklin Roosevelt provided vigorous leadership but Congress kept meeting, passing laws, debating policy, providing necessary oversight for Executive decision making. Operating in the fashion we have been must be the exception, not the rule. We cannot shut off democracy because it is inconvenient, because it's easier to let someone else do it. Now some have suggested that our State may lose money, federal funding, if this Resolution passes, as if money could accommodate the abnegation of bedrock constitutional principles. Even if you want to argue that, you know the National Conference of State Legislatures, the flyer says on your desk, 'A state's Emergency Declaration does not impact eligibility for federal funding under

the Cares Act.' Furthermore, regardless of what we do in this Legislature with our State of Emergency, there already exists already a Federal Disaster Declaration for Maine for COVID in a nationwide federal emergency declaration. Friends, it's time that we do our full jobs as elected representatives of the people. The Governor has her job to do and I, for one, want to support those actions that I think we need. But we also have our job to do. It's time to end this State of Emergency. Thank you for your attention, Mr. President. I ask for the yeas and nays.

THE PRESIDENT: Did the Senator from Oxford intend to present a Joint Order?

Senator **BENNETT:** Apologies, I thought that we had already presented it. I present the Joint Order and move it's adoption.

ORDERS

Joint Resolution

On motion by Senator **BENNETT** of Oxford, the following Joint Resolution:

S.P. 333

JOINT RESOLUTION TO TERMINATE THE STATE OF EMERGENCY PROCLAIMED BY THE GOVERNOR

WHEREAS, Governor Janet T. Mills has recently extended, for the 11th time, her March 15, 2020 proclamation declaring a state of emergency; and

WHEREAS, the Governor has done this without consulting the Legislature, a coequal branch of State Government, for nearly a year; and

WHEREAS, emergency orders were originally based on the then-known science and designed to reduce the rate of increase in COVID-19 infections over a 2-week period but have been extended for months without providing the Legislature with a sufficient scientific rationale or justification; and

WHEREAS, executive authority over executive orders has been delegated to unelected officials in the executive branch of State Government; and

WHEREAS, the lives of Maine citizens, local jobs and small businesses and activities that promote health and well-being have been lost without due consideration; and

WHEREAS, the over 1.3 million citizens of Maine continue to be denied a voice in policies that affect their health and well-being; and

WHEREAS, the public health and well-being must be protected and enhanced; and

WHEREAS, the Legislature has the authority to terminate a state of emergency at any time; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirtieth Legislature now assembled in the First Regular Session, on behalf of the people we represent and pursuant to the authority granted in the Maine Revised Statutes, Title 37-B, section 743, subsection 2, terminate the state of emergency first proclaimed by Governor Janet T. Mills on March 15, 2020.

On motion by Senator **BENNETT** of Oxford, the Joint Resolution was **READ**.

On further motion by same Senator, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Knox, Senator Miramant.

Senator **MIRAMANT:** (Due to technical difficulties, some remarks on this matter are not audible.)

Thank you, Mr. President. Men and women of the Senate, the eruption of our Corona virus-based illness is not unprecedented and the previous versions, SARS, MERS, and others, had allowed the WHO, the World Health Organization, to develop procedures to follow in case of a greater emergency. What happened with this current situation developed was the instant rejection of procedures that had been readied and the adoption of the actions of autocratic government that had nothing in place and no evidence that taking away the rights of their people would solve the problem. They don't care. We do. At the begging of the challenge we are facing our leaders had good intentions. I believe they always do and in an emergency they have to exercise judgment and have special powers and for a few months that was enough. As time passed we moved to the next phase where those leaders had the responsibility to seek out information from a wide range of voices. Over this year the response to the virus has destroyed businesses that represented the work of a lifetime, caused the confusion and depression of our children and the vulnerable who need programs to have any quality of life and basic health.

At the beginning of my former career as an airline pilot, you didn't question the captain. Many people died over the years from that type of autocratic thinking and our leaders sought a way to change it. The result was to gather trained professionals with different strengths and perspectives and then listen to them while forming and activating the solution. This has been a model that many organizations have found to be effective and inclusive. With regard to the way we have dealt with the challenges of the past year, we have gone in the opposite direction.

It's been a challenge in many ways, a challenge to not let fear control us, a challenge to bring people together to solve problems even when what they say is different, and a challenge not to shame and ostracize our community members who are working in different ways to protect those who need it. We've heard other voices from folks who are grateful that we learned and then practiced the ways to protect our most vulnerable and then expected our leaders to move forward. We waited and waited. Our voices as representatives of the people of Maine have been ignored for too long after that reasonable period. When we gave over the power of our democratic process we expected it to last a short time and then to reengage. The ability to extend the Emergency Order when we've moved out of the emergency and into the challenging recovery phases is not justified. We need to be brought into the discussion and the solution. As leaders ourselves, we need to make sure that every voice is heard and respected, not ignored and rejected. We need to collaborate, not isolate. The United States of America has remained the beacon for people from the world over who come here to develop ideas and learn and contribute to solutions to unsolvable problems. Closing down this country and removing the inclusion of the people who would dare anything to help humanity is cynical and cruel. We need to invite those pioneers of new ideas to the table. We need to gather research on every

aspect of the science to make sure we're not setting policies based on misinformation, whether from laziness, ignorance, or self-interest based on greed. We need to stop the censoring of ideas on social media and the press that are now controlled by a handful of people and we need to let freedom ring. This is what we stand for and it isn't always easy. It's time to return control of this challenge and this state to a democracy. That's what we fight for, it's what we stand for, and it's what the people of this state demand and deserve. Please join me in passing this Resolution by voting yes.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Lawrence.

Senator **LAWRENCE:** Thank you, Mr. President. May I pose a question through the Chair?

THE PRESIDENT: You may.

Senator **LAWRENCE:** Thank you. I appreciate the information that was passed out pursuant to the Cares Act but my question is specifically regarding the Stafford Act. My question is: my understanding is qualification under the Stafford Act are declaration of emergency allows us to qualify under the Stafford Act and if we remove that are we no longer able to qualify under the Stafford Act?

THE PRESIDENT: The Senator from York, Senator Lawrence, poses a question through the Chair to anyone who may answer. The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT:** There is, as I understand it, some requirements for meeting the needs of the Stafford Act but they do not require a State of Emergency. We can accommodate the needs of that, provide that funding, without having a State of Emergency declared as such.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Lawrence.

Senator **LAWRENCE:** Thank you, Mr. President. Men and women of the Senate, unfortunately that conflicts with the information I get that taking away this declaration would disqualify us, or make it harder for us to qualify, under the Stafford Act. But more than anything else, I oppose this Resolution because it's simply not true. We are still in a State of Emergency and nothing, passing this Act, will not change one thing about what we can do as a Legislature. Now we can legislate as much as we want regarding COVID. We can. We tried to do it. It's taken us almost three months to make a decision on whether on the tax status of PPP, we still can't make that decision. We are in a State of Emergency. We need Executive authority to act quickly and swiftly and, thank God, we have, I know I wake up every morning and thank God we have a strong, decisive woman as Governor of this state who has led us through this crisis.

Twenty minutes south from where I live is the state of Massachusetts. If we had the rate of death of the state of Massachusetts, Essex County, there would be approximately 4,000 more people in Maine dead. That's virtually every man, woman, and child in the town of Oxford, Maine, would be dead if we didn't have this emergency power. We have about eight or nine months left to go. How many more people are we going to

allow to die if we don't have a State of Emergency? If we don't have a clear and decisive Executive that can take the actions quickly that the Legislature can't? This virus is morphing every day. It's changing every day. It's becoming different. What's happening on the federal level is becoming different and we, as a Legislature, cannot act quickly enough. We're great at making long-term policy but if you think, and if my good friend from Oxford thinks that he can get two-thirds of the Senate to agree upon something and two-thirds of the House to agree upon something and act within a day or even two days, I would suggest he's living in a different world than I'm living in because we cannot get this Legislature, let alone to make a decision on whether or not to exempt PPP from taxation. There's no way we can possibly react the way a Governor needs to react in a State of Emergency. So, I will not be voting for this because a State of Emergency still exists and it's going to exist probably for the next eight or nine months, until we defeat this virus. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Guerin.

Senator **GUERIN:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I have heard from constituents every time I open my computer, check my messages, or go to the grocery store. Overwhelmingly, they're insisting that I return to being their voice in the decisions being made for their state. Our representative government needs to return immediately. We are the voice of Maine people and we have had our voices, and their voices, silenced for long enough.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Pouliot.

Senator **POULIOT:** Thank you very much, Mr. President. I just want to clear something up. The good Senator from York had asked about funding and the National Conference of State Legislatures did say back in June of last year that we do, in fact, not need to have a State of Emergency in place to receive federal funds. However, a state does need to have a Presidentially or federally declared disaster in place to receive certain FEMA or SPA funds. So that's been in place since March of last year.

I'll never forget the night that we were sitting around the legislative session last year, on what today marks the one year anniversary of the date that we really kind of began this lock-down and it was kind of an Apocalyptic feeling. None of us really knew what was going on or what to expect and we were asked at that time to grant some pretty extraordinary powers to the Chief Executive. I recall sitting in our caucus, having a discussion with our members about, you know, just how much power we were giving to one individual and at that time we all agreed that, given the circumstances, it was the best course of action. However, one of the fatal mistakes of that discussion was that we didn't assert that the Legislature should be a part of the process in renewing those Emergency Proclamations and continuing the State of Emergency. There's some legislation that will be dealt with this session to discuss that. Unfortunately, all those bills have been held up and not had a public hearing yet. However, the fact remains that the Legislature has not been involved in this process and I think it's unfortunate that the good Senator from York, who has a tremendous amount of experience and time serving in the Legislature, essentially just asserted that the Maine State Legislature is not competent to help in solving some of

these problems, and that we ought to instead abdicate that responsibility to the Chief Executive. I think that flies in the face of separation of powers and I believe that now is the time for us to be a part of this process. At the very least, the Maine State Legislature should be a part of whether or not to extend these Emergency Proclamations and what the substance of some of these decisions that have been made by the Chief Executive should be. So, Mr. President, men and women of the Senate, I ask that you follow me in supporting this Resolution. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Sanborn.

Senator **SANBORN:** Thank you, Mr. President. I had not intended to rise but one of the comments that was made by one of my colleagues was that now is the time for us to start governing and I just wanted to remind all of our colleagues that we've been holding public hearings, we've been doing work sessions, and over the last 24 hours we've passed dozens of bills. The thing we're not very good at is passing bills as an emergency. We did manage in this Chamber to get to two-thirds on a Supplemental Budget. That is us, as Legislators, deciding that we are going to do things in the normal order. We're going to approve budgets. We're going to change them. We're going to change what the Governor has proposed. We're going to add back in certain elements that were left out and we're going to get to two-thirds. But that is an enormous, enormously heavy lift. It's been something that we have been wrestling with late into the night last night and we're still not there with our colleagues in the other Chamber. Imagine if every single action necessary to address a deadly virus: who gets the vaccine, how quickly, where, how to set up Northern Lights on-line registration system. All those things have to come to the Legislature and pass by two-thirds? Not a chance, guys. We need to continue doing our work as Legislators and we need to continue letting the Governor deal with one of the biggest emergencies our state has ever faced, our country has ever faced. Certainly, in our lifetime, even those in this Chamber who are a lot older than I am, none of us have ever seen an emergency like this one and so I am really proud to be legislating, to be doing my job, to be representing the people in my district, and I plan to do that and this Resolution would not help me do that. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Farrin.

Senator **FARRIN:** (Due to technical difficulties, some remarks on this matter are not audible.)

Thank you, Mr. President. Ladies and gentlemen of the Senate, yesterday I stood in front of you and spoke about an issue that was near and dear to my heart. At the end of the day many of you thanked me for standing up for what I believed in, for pushing back on some of my fellow caucus members, and I really appreciate that support. Today I ask that you flip that mirror around and look back at yourself. Forget if you have an R or a D or an I, if you're in leadership, a chairperson of a committee, or a newly elected member and listen to your heart and your constituents. We are an equal but separate branch of government and we deserve a seat at the table while this is going on. It's been a year, folks, and I'm sorry. There have been some good things along the way and there's been some things (?). Leadership is always hindsight 20-20. Everybody thinks they can

do it better than the others. All this is doing is removing that emergency power so that we have a seat at the table and discussions in those pieces. Maine emergency management system, the State Police, the CDC, all of those folks are going to continue to do their jobs. Your communities are going to have oversight on how some of those conversations and we have input into it. That's all it is. That's what my constituents are asking for, for me to do, and that's what I'm asking you to do. Take a look at your constituents. Forget about the party or where you stand and I'm asking you to follow along and please pass this Joint Resolution. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Breen.

Senator **BREEN:** Thank you, Mr. President. I spoke yesterday about those final days of last session when we put that Emergency Supplemental Budget together and we also passed, unanimously, we passed legislation granting the Governor powers that we thought were short-lived but, of course, as the emergency grew in scope and time, it turns out that, you know, we needed those powers in place for much longer. However, we also made an agreement at that time that we would try to come back into special session. We left behind \$190 million in the General Fund. Thank goodness we did because it turns out we needed it for, you know, lost revenues. But, you know, we had an agreement. We left so many bills on the table that we would come back and we would finish our job in the 129th and we could not even come to an agreement to come back and do our work. We could not even get consensus, enough people, a simple majority of each of the four caucuses, to come back and do our work. So I'm thankful that those orders, that those powers, were in place all those months. Did I like sitting on the sidelines? Absolutely not. Was it comfortable? Absolutely not. But I would be very much more uncomfortable if I was relying on the 186 of us to come together, even to meet. So that's while I'll be voting against this order. Thank you.

THE PRESIDENT: The pending question before the Senate is Adoption of this Joint Resolution. Is the Senate ready for the question?

PAPERS FROM THE HOUSE

Joint Resolution

The following Joint Resolution:

H.P. 776

JOINT RESOLUTION RECOGNIZING FEBRUARY 2021 AS BLACK HISTORY MONTH

WHEREAS, Maine's Black history and the story of Maine's role in the Atlantic world slave economy have been largely effaced from our narratives and from our collective consciousness; and

WHEREAS, from the earliest arrivals of people from Europe and Africa in the Americas, Africans and African Americans have been part of the story of this land, and researchers have identified over 1,600 people of color who lived in what is now called the state of Maine prior to the year 1800; and

WHEREAS, Africans who were brought involuntarily to these shores suffered generations of enslavement and their descendants faced the injustices of lynch mobs, segregation and the denial of basic, fundamental rights; and

WHEREAS, Maine merchants were deeply entangled in the Atlantic world slave economy, as were the banks that handled their accounts and the insurance firms that secured their investments, and at a time when Havana, Cuba was the hub of the illicit slave trade, Portland was that city's number one trading partner; and

WHEREAS, it was not only Maine's coastal towns that were complicit in the global economy of enslavement through shipbuilding and merchant trading activities, but its inland regions as well: crops and livestock were routinely shipped in the "coastwise" trade to provision the sugar plantations of the West Indies, along with salted fish and even ice from this region; and

WHEREAS, great quantities of Maine timber were processed into barrel staves and shipped throughout the 18th and 19th centuries to the West Indies, where enslaved Africans were forced to fashion them into barrels; they then filled these barrels with the sugar and molasses that were shipped back to Portland and distilled into rum, which was used as currency in purchasing more captive Africans; and

WHEREAS, African Americans in all walks of life have shown resilience despite suffering under slavery and injustice and have made significant contributions throughout the history of the State and across the United States; and

WHEREAS, from the Revolutionary War through the abolitionist movement, to marches from Selma to Montgomery and across America today, and in this State, African Americans have remained devoted to the proposition that all of us are created equal, even when their own rights were denied; and

WHEREAS, the month of February is officially celebrated as Black History Month, which dates back to 1926 when Dr. Carter G. Woodson set aside a special period of time in February to recognize the heritage and achievements of African Americans; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirtieth Legislature now assembled in the First Regular Session, on behalf of the people we represent, take this opportunity to recognize the significance of Black History Month as an important time to honor the contributions of African Americans in the nation's history and encourage all people in the State to learn more about the past and to better understand the experiences that have shaped the State and the nation.

Bill **READ ONCE**.

Committee Amendment "A" (S-16) **READ**.

On motion by Senator **STEWART** of Aroostook, Senate Amendment "C" (S-22) to Committee Amendment "A" (S-16) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Stewart.

Senator **STEWART:** Thank you, Mr. President. Men and women of the Senate, I rise today to present this Senate Amendment to

L.D. 1, which has become known as the COVID Patient Bill of Rights. There's been a number of discussions at the committee level and here today in session with my colleagues across the aisle and we've come to a point of mutual agreement and just to sort of share with folks the position of my caucus is really that the biggest issue with the bill to begin with was with the title and that, from our perspective, a Bill of Rights is supposed to be protecting you from the government and enumerating what things the government can't do to you. So the common ground we were able to find in this regard is specifically baked into this amendment, saying essentially that when there is a State of Emergency that the government cannot get between you and your medical provider for important things like providing healthcare services, and specifically surgeries, and dictate that they are non-essential services. I know that I certainly have had a number of constituents who, throughout the course of the pandemic and the Executive Orders that followed suit, had really a lot of problems with that component in the Executive Orders and it's something that I think, and I appreciate, my colleagues on the other side of the aisle being willing to recognize that need and work here to address it and fix it because I do think it's something that's going to benefit all of Maine. With that, I appreciate the support of this Body and would yield at that. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Sanborn.

Senator **SANBORN:** Thank you, Mr. President. I just wanted to speak as well in support of the amendment and in support of the bill itself. I think one of the things that this shows is that when we do work together, listen to each other, and work together to really refine the language, we can come to a place where we can get bi-partisan agreement on how to deal with COVID. One of the things that this bill does that I'm extremely proud of is that it goes beyond the Governor's Emergency Orders in terms of the protections that it will give Mainers with regard to not receiving surprise bills for COVID tests. It's something that I've heard from my constituents about, thinking that their COVID test was going to be covered by their insurance and then finding that it wasn't. For some reason that they failed to understand and that, really frankly, was not legal, but because there is some gray area in terms of medical necessity right now as to whether the COVID test will be covered. Insurance companies are just routinely denying that coverage when they can and so this bill will really tighten up the language and goes beyond the Governor's Executive Orders to ensure that Mainers can feel comfortable getting COVID tests and, thereby, keeping all of us safe by ensuring that they know if they're infected and can take appropriate quarantine and isolation measures. So, I am pleased that we were able to find an agreement on this bill and I'm very proud of the work that we did and I urge you to follow my light.

On motion by Senator **STEWART** of Aroostook, Senate Amendment "C" (S-22) to Committee Amendment "A" (S-16) **ADOPTED**.

On motion by Senator **BENNETT** of Oxford, Senate Amendment "B" (S-21) to Committee Amendment "A" (S-16) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT**: Thank you, Mr. President. When I read the title of this bill I was heartened that this bill would address the many anxieties Maine people have about the loss of decision making, the loss of freedom, the loss of personal sovereignty that the pandemic has brought upon them. I've heard from many constituents on the particular concern that this amendment addresses, that they may be forced or coerced through a mandate or penalization to receive the COVID vaccine. I support taking vaccines but I do not support requiring people to do so. If you share that view, I would encourage you to support this amendment. Thank you.

Senator **DAUGHTRY** of Cumberland moved to **INDEFINITELY POSTPONE** Senate Amendment "B" (S-21) to Committee Amendment "A" (S-16).

On motion by Senator **POULIOT** of Kennebec, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Brenner.

Senator **BRENNER**: Thank you, Mr. President. Thank you, Senate colleagues. I just want to speak to the amendment. We had great robust discussions at HCIFS about this bill and, for me, this is really a bill about public health. This is a bill about expanding capacity for anybody who needs a test to get a test without any concern about a financial barrier and we want to be able to fully open our economy and in order to do that we need robust testing and we need access to the vaccine without any limitations. We did not discuss any kind of mandate for the vaccine and we did not discuss adding that into this bill. I feel like there is room for that discussion, but I believe that we have already moved beyond that in terms of the place and the public hearing space during the time that we had the bill hearing. So, I feel like we should address that but at a different time. So, I move that we not have that amendment be part of this bill. Thank you.

THE PRESIDENT: The pending question before the Senate is Indefinite Postponement of Senate Amendment "B". Is the Senate ready for the question?

Senator **BALDACCI:** Thank you, Mr. President. I proudly rise in support of L.D. 2. We all know, or should know, the long history of racism that has existed for many centuries and that is what we stand against as a people and L.D. 2 is an affirmation, not a negation. It is an affirmation that policy makers must better consider the implications of proposed state laws on all of our fellow citizens. It is an affirmation that Maine is looking towards the future as a hopeful, confident, and inclusive state and that affirmation, like Senator Robert Kennedy once said, crossing each other from a million different centers of hope and daring can create a wave that can bring down the mightiest walls of oppression and resistance. I proudly ask the Senate to join me in supporting this L.D. Thank you.

Senator **BENNETT:** Thank you, Mr. President. Fear not, faithful colleagues, you will not hear me sing this song. I did want to just say just a couple of words. This does not replace the 'Grand State of Maine' which is the song of the State of Maine that was adopted in 1937, written by Roger Vinton Snow. It is, however, the 21st Century song. It was written by a fellow named Terry Swett who is a constituent of mine. He's a wonderful man, a great contributor to our community in western Maine, and a terrific musician, and this song, I encourage you to go to the YouTube channel and listen to the song because I think it will inspire you and I think that, you know, on the way home or if you're staying over tonight and you can listen to that song it will maybe make a nice ending to these long two days. So thank you very much. I would very much appreciate your support on this measure.
