JOURNAL OF THE SENATE**

In Senate Chamber
Thursday
March 19, 2015

Senate called to order by President Michael D. Thibodeau of
Waldo County.

Prayer by Reverend Dr. Elbert Brewster, Smithfield Baptist
Church.

REVEREND BREWSTER: Let us pray. Gracious God, our
Loving Creator, we give You thanks this morning for this new day.
Thank You for a day that is beginning to show some small signs
of spring, offering us hope the long winter is coming to an end.
We also thank You for a day that offers each of us a new
beginning, an opportunity to live and love and create a better day
for ourselves and for those we serve. I offer You thanks, O God,
for each of these men and women who are here before me today.
I thank You for their willingness to serve their state and the
people that they represent. My prayer for them today, O God, is
that they can begin this day refreshed in spirit and filled again with
zeal for the work that they've undertaken. I pray for their health,
for their wellbeing, and for the good health of their families. I pray
for any who are sick today. Please bless them with Your healing
and helping presence. I pray, O God, that You will bless each of
our Senators, our Representatives, their aides, their advisors,
with hope and faith and confidence so they're filled with
enthusiasm and what they do today can really make a difference
in the lives of all of us that they serve. You have blessed us so
richly, O God, with a state and a nation that is filled with incredible
beauty, with energetic people, and democratic values that serve
us so well. Please continue, we pray, to lead us and guide us
each day, to learn from You how to live well, serve gladly, and
love deeply. With deep faith and reverence we pray. Amen.

Pledge of Allegiance led by Senator Geoffrey M. Gratwick of
Penobscot County.

ORDERS OF THE DAY

Out of order and under suspension of the Rules, the Chair laid before the Senate the following Tabled and Later Assigned (3/5/15) matter:

JOINT ORDER - Expression of Legislative Sentiment Recognizing the Members of the Ellsworth High School Wrestling Team

SLS 197

Tabled - March 5, 2015, by Senator **LANGLEY** of Hancock

Pending - motion by same Senator to **PASS**

(In Senate, March 5, 2015, **READ.**)

The Joint Order was **READ.**

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator LANGLEY.

Senator **LANGLEY:** Thank you, Mr. President. Men and women of the Senate, it's a proud day for me to have the Ellsworth High School Wrestling Team down here. I taught in the Ellsworth school system for nearly 30 years. The last time the wrestling team won they won two State titles in the early 1980's. They have never won an Eastern Maine title. Wrestling's a little bit different than basketball. There is more than one way to get to the State Championship. This year they won both the Eastern Maine and the State wrestling title. What's most notable about this team is that there are fourteen weight classes and they only had ten entrants in those weight classes. Every other team that they competed against ran fourteen team members and they won both Eastern Maine and the State with only ten, which also means they had five State Champions in the midst of those ten wrestlers. One of them, Jack Weeks, got his 100th win during the Eastern Maine Tourney and 100 wins in a wrestling career in high school is no small feat. Thank you very much and congratulations to the Ellsworth High School Wrestling Team.

On motion by Senator **LANGLEY** of Hancock, **PASSED.**

Sent down for concurrence.

THE PRESIDENT: The Chair is pleased to recognize in the balcony the State Champion Ellsworth Eagles Wrestling Team. Would they please rise and accept the greetings of the Senate.

Senate at Ease.

Senate called to order by the President.

All matters thus acted upon, with exception of those matters being held, were ordered sent down forthwith for concurrence.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Cyrway.

Senator **CYRWAY:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I rise before you today to congratulate the members and coaches of the Lawrence High School Girls Basketball Team, the winners of this year's Class A State Championship. I, along with everyone in the towns of Albion, Benton, Clinton, and Fairfield and Lawrence High School alumni across Maine, are proud of these young ladies and all that they have accomplished this season. Four years ago the Lawrence High School Girls Basketball Team won two games and five years ago they didn't win any games. This year we celebrate a Class A State Championship with a total of 21 wins and 1 loss. This Championship gives the Lawrence Girls their first State title since 1994, to hold the gold ball in 21 years, to be exact. In the days when Cindy Blodgett played for the Lawrence Bulldogs, as a side note, none of the players of this State Championship were even born yet. The Bulldogs won their last title in 1994, doesn't this make us all feel super old? I am a Lawrence High alumni, and a Bulldog, and have been fortunate to have taught there, Drug Abuse Resistance Education, to almost all these girls through the four towns. I am very proud of the example that they have portrayed as a great role model for their peers. You'll never know the unmeasurable influence you have made in your community to help others make good decisions in their lives to be like you. I have the deepest respect for the game, as I am a Bulldog. I was once in basketball and I actually kept my letter and my basketball. We were runner-up champions at 81 to 80 in triple overtime in Portland. The team is joined today by the Head Coach, John Donato, who was previously recognized in this Body for earning up to 500 career wins within all the seasons. Also joining him is Athletic Director and Assistant Principal Bill McManus, who I have had the pleasure of working with on several occasions. What a great asset these two men are at Lawrence High School. These young ladies and their coaching staff have worked extremely hard to get where they are and it is with great pleasure to congratulate them in front of this Body. Thank you, Mr. President.

PASSED.

Sent down for concurrence.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the Chamber members of the Class A Girls Basketball State Championship Team and Head Coach John Donato and the Athletic Director and Assistant Principal Bill McManus. Would they please rise and accept the greetings of the Maine Senate.

Joint Resolutions

Joint Resolutions in Memoriam:

WHEREAS, the Legislature has learned with deep regret of the death of:

The Honorable Peter Danton, of Saco, a former State Senator and Deputy Secretary of State. Mr. Danton served 7 terms in the Maine State Senate, from 1971 to 1980 and from 1983 to 1986, serving as Assistant Minority Leader from 1973 to 1978. He also served on the board of the Maine Turnpike Authority, as Chief of Staff to Governor Joseph Brennan, as Deputy Secretary of State, as Chair of the State Liquor and Lottery Commission and as Chair of the Gambling Control Board. Before his public service began, Mr. Danton was a restaurateur, beginning by working in his family's restaurant at the age of 14. He went on to open his own restaurants in Old Orchard Beach and other towns along the State's southern coast. We acknowledge Mr. Danton's long service in the Legislature and to the State. Mr. Danton will be long remembered and sadly missed by his family and friends and his colleagues from the Legislature and elsewhere in State Government;

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Valentino.

Senator **VALENTINO:** Thank you, Mr. President. Men and women of the Senate, I rise today to pay tribute the Honorable Peter Danton of Saco. Over the past few days many members of the Legislature, the Lobby, and staff have approached me with their fond memories of Senator Danton. One person said that Peter had served with their father. Another said her mother was Secretary of the Senate when he served. Another remarked that he was a member of the Chamber Staff when Senator Danton served. No matter how you knew him I think it was universally known that Peter was always a gentlemen and one who showed great respect for serving the people of Maine. In addition to being a State Senator for 14 years, he had many other positions. A few being Chief of Staff to Governor Brennan, Deputy Secretary of State, Chairman of both the Gambling Control Board and the Liquor and Lottery Commission, plus a member of the Maine Turnpike Authority. I think his fondest memories were of the State House when he served as Chair of the Transportation Committee. He loved the Transportation Committee. He always said it was the best committee for constituent work. Everyone needed a road paved. For years he proudly displayed a newspaper picture of himself and Senator Conley, who was then President of the Senate, for getting stopped and fined by the State Police for traveling on the unopened portion of the new I-295. He couldn't understand what was taking so long to open the

road and, after it was completed, he thought, as Chair of Transportation, "I'm going to go check it out for myself." He went through the barriers and went up the road. After his ticket and a newspaper article, miraculously a couple of days later the road opened. Peter was the political guru of Saco. From the age of 14 he worked in family's restaurant and later owned the Hitching Post and Holiday Chateau. Everyone, Democrat or Republican, stopped in at the restaurant to see Peter. Whether you were a Governor, a President, or an aspiring city councilor, like I was in the 1970s, you stopped by to seek his advice, for you see Peter was my political mentor. He was one of my father's best friends and they were together constantly. One a Democrat, one a Republican. Always arguing politics. My father asked Peter to teach me the ropes and he went on to guide me for over 35 years, whether I was on the city council, a Representative, or a Senator. He was my campaign manager, treasurer, advisor, plus he put up signs, got signatures, and went to events with me. He would often stop by unexpectedly at the State House to visit me when he was on business in Augusta. He would pop his head into whatever committee I was on and we'd go for a snack or lunch. It got to the point where he didn't even have to pop his head in. Usually someone like Senator Patrick would come in, tap me on the shoulder, and say, "Go on, get out of here. Peter is here," and I'd leave. Peter was more than a politician. He was a Statesman. Always gracious, polite, understanding, and concerned. Senator Danton left a legacy that will be remembered. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Gerzofsky.

Senator **GERZOFSKY:** Thank you, Mr. President. I am that Senator that used to work on the staff and Peter Danton, Senator Danton, the most Honorable Senator Danton, was one of my Senators. He sat in that end seat where Senator Dutremble sits and he was Chair of Transportation when I knew him. He was just an absolutely stellar politician. Statesman. He crossed all those barriers. He was pleasant, but he was firm. When Peter drove down I-295 that morning it made the news and it got that part of the road opened. Him and Gerry Conley, President of the Senate at that time, took a lot of teasing about that. I can't say how highly respected Senator Danton was. I couldn't believe it when he died. I thought he was going to be one of those people that just outlive all of us. He would call me anytime he felt like it, just to tell me what I was doing right and wrong. We spent hundreds of hours on the rail, railroad lines, for Guilford when he was lobbying for them, just showing me how the rail system in this state works, both passenger and freight. He was just one of the best mentors this institution's ever had and ever will have. He was a city kid. He was a street kid. He could talk with the most average of us and you'd understand everything he said. He was also that statesman I mentioned that could talk to people at a much different level. He was just somebody to emulate. The work that he did here in this Chamber, I observed, but the work he did as Commissioner of Transportation or lobbyist for a rail company, on the Board of the Turnpike Authority, all those positions he held he held with distinction. I'll tell you, to serve that many years for the people of the State of Maine is a credit because he was a public servant. I want to get everybody to understand, he was that person we all want to emulate. Thank you very much, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator **DIAMOND:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I just wanted to say a couple of things about Peter Danton. You've heard a lot of some of the things people all know. He was a gentleman, above all. What I admired most about Peter was his ability to work with all types of folks and across the aisle on a regular basis. In fact, he would do some things that I tried to learn from him that would benefit the people of the State of Maine and his ability to do that and his genuineness. Of all the jobs he had, many of them were public, but many people don't realize he was also Deputy Secretary of State at one of the times when the Department of Secretary of State had a lot of problems with the commercial end and in the corporate end. He did his job quietly and significantly and I really will always remember those kinds of accomplishments. Mr. President and ladies and gentlemen of the Senate, I'm proud to stand here and say that Peter Danton was a friend of mine, but, more than that, he was a gentleman and a servant to the state. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Collins.

Senator **COLLINS:** Thank you, Mr. President. The Honorable Peter Danton. I'm a lifelong resident of York County and it seemed like if there was something going on in York County that affected a lot of folks, and they didn't agree with it, they'd say, "Get a hold of Peter Danton. He'll take care of it." That was the kind of individual he was, as mentioned previously in Peter's testimony. He was the personified definition of a politician. He worked for a lot of different folks, whether they had an "R" after their name or a "D". He got things resolved. He got things done. As a member of the Transportation Committee now for 6 terms, I was Senate Chair in the 125th, Peter would wait patiently down by the committee room door and he's go, "Now, Ron," I'd say, "Yes, Peter," "I don't think we should be doing this," "Okay." Most people you'd just kind of walk by and ignore them, but Peter you always paid attention to because he had the experience and the knowhow and you always wanted to listen to what he had to say about a given topic. He'd point out the different pitfalls of things coming before the Committee. He said, "Ya, we dealt with that back in whenever. That's how we handled it." Okay, good, alright. He was a mentor to me and we always worked closely together on transportation issues. I will sadly miss him and his knowledge. He was a lot of help to me and the Transportation Committee, so he'll be sadly missed. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator **KATZ:** Thank you, Mr. President. Men and women of the Senate, I didn't know Peter Danton well, but my father did. He served with Peter in the 1970s and I remember coming home from college and being introduced to my dad's colleagues and Peter Danton. After they would leave, he would tell me about each one of them. I remember very clearly about Peter Danton because they were usually in opposite sides of the issue and they would fight fiercely in this Chamber. My dad always told me that Peter Danton was a man of his word, that he was the ultimate gentleman, and I know that of all the folks that he served with

over the many years that he was here he had no greater respect for any person that he served with than Peter Danton. In the last few years I've had a chance to see him a few times in this Chamber myself. We'd make that connection. We have obviously lost a real giant of this institution. Thank you, Mr. President.

He served the town as a selectman for 33 years, moderated town meetings and worked on the planning board. Mr. Hewett was a charter member of the Somerville Fire Department and served as Fire Warden for over 50 years. THE PRESIDENT: The Chair recognizes the Senator from Lincoln, Senator Johnson.

Senator **JOHNSON:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I want to speak for a moment about the kind of person that Donald Hewett was. He had a very kind manner, a gentle but firm leadership. In all his years living in the town he was known very much as a father figure, rather a model of what people talk about as being a town father. To many people in that town he was the father that they missed, someone who took them out in the dairy barn, gave them a job working on the farm when they needed it, and, in his gentle way, provided guidance that everyone in the town remembers and benefited from. In the recent service for Don, the South Somerville Baptist Church was filled, standing room only and overflowing into other rooms. People came from many states because of the influence that Don had in their lives. He was from a family, and growing up and working that land, that moved there from Newcastle before Maine was a state. His family's history and Don's work will actually be soon told, that story to be published in a book by another Somerville resident titled *Life, Death, and A Tractor*. He and Shirley thoroughly enjoyed each other's company. They were, to many people in town, the model of a good marriage, a loving couple, and people that enjoyed little things that would bring a smile to the other and make life enjoyable. When I think

of Don I think of someone who had a manner in which he could tell you what you was doing wrong and you'd be happy that he did. Not too many people can do that and make you so glad that he spoke to you, but it's because Don, in his gentle way, was saying that were clear. He was firm in what he believed was right, but you knew that he wasn't trying to belittle you or criticize you. He was trying to tell you how he saw it in a way that he felt was constructive and he did so very well because we all took it that way. I'd like to think of Don as someone that the Town of Somerville came together around as a community because of the kind of person that he was and the kind of presence that he brought, the spirit that he showed that others seek to emulate. I became the Town Moderator in town simply because Don, who decided that he'd been doing it long enough, asked me if I would. There are a lot of things in the Town of Somerville that happened in just that kind of way. It was a firm and gentle leadership that Don brought to the town and a true father figure. He'll be sadly missed.

ORDERS OF THE DAY

The Chair laid before the Senate the following Tabled and Later Assigned (2/24/15) matter:

JOINT ORDER - Expression of Legislative Sentiment
Recognizing Balt von Heune of Arrowsic
SLS 144

Tabled - February 24, 2015, by Senator **BAKER** of Sagadahoc

Pending - motion by same Senator to **PASS**

(In Senate, February 24, 2015, **READ.**)

The Joint Order was **READ.**

THE PRESIDENT: The Chair recognizes the Senator from Sagadahoc, Senator Baker.

Senator **BAKER:** Thank you, Mr. President. Ladies and gentlemen of the Senate, I rise today to recognize an amazing young man. Balt von Heune, a senior at Morse High School in Bath and a resident of Arrowsic, has made the State of Maine and, indeed, the entire United States very proud. Last year over one and a half million high school juniors and seniors took advance placement exams on nearly 40 topics. The AP program gives high school students a chance to learn in a college level curriculum and take college level exams. The best and brightest students in the world take part in this program. Worldwide, 130,000 students took the environmental science advance placement exam last year. Balt was one of those 130,000 students, but he set himself apart. This young man scored the only perfect score in the world on his environmental science AP exam. Many students get a score of 5, which is impressive enough. While it is a high numeric score, it is not a perfect score. Balt attained a perfect score. As an educator for 35 years, with 5 of those being in the Bath School System, I am particularly proud of this accomplishment. Since I was an English teacher, I am pleased to hear of Balt's interest in possibly pursuing the subject of communications in his academic career. There is no doubt in my mind that he will be successful no matter what he chooses. I want to acknowledge Balt's teacher, Eric Varney, who, no doubt, has helped foster and encourage this talented young man's interest in science, and his amazing father, who joins him today, Andreas von Heune. It is with great pleasure that I congratulate Balt. You have a wonderful future ahead of you and you have made the great State of Maine incredibly proud. Thank you, sir.

On motion by Senator **BAKER** of Sagadahoc, **PASSED.**

Sent down for concurrence.

THE PRESIDENT: The Chair is pleased to recognize in the Chamber today Balt von Heune of Morse High School; his teacher, Eric Varney; and his father, Andreas. Would they please rise and accept the greetings of the Maine Senate.

The Chair laid before the Senate the following Tabled and Later Assigned (3/17/15) matter:
